41st Year, No. 160 — MONDAY EVENING — June 9, 1919

WHAT'S good for the boy is good for the Nation. So let's get behind Scouting a million strong.

DECATUR REVIEW

THE COMMUNITY PAPER

"Today's News Today"

DAILY AND SUNDAY 15c A WEEK — DELIVERED BY REVIEW CARRIERS BOTH IN DECATUR AND ELSEWHERE — PUBLISHED AT PROSPEROUS DECATUR, ILLINOIS EVERY DAY IN THE YEAR — PRICE: SINGLE COPIES DAILY THREE CENTS SUNDAY FIVE CENTS

NO REPLY TO HUNS BEFORE JUNE 13TH

Only Five Days Will Be Given Teutons to Accept or Reject Peace Treaty.

Paris, June 9.—It has been decided by the Allied and associated governments that the reply to the German counter proposals will not be delivered before Friday, June 13.

The reply will give the Germans a period of five days in which to accept or reject the treaty.

The council of four spent this morning considering the various reports submitted by the commissions which had been dealing with features of the answer to the German proposals.

DIVERGENT VIEWS.

The delay in framing the reply it is said, is due to divergent views held by Premier Lloyd George and Clemenceau. President Wilson is said to be adhering to his policy of deferring to the British and French in this particular matter while Premier Orlando of Italy is still holding aloof, following his plan of leaving the settlement of the negotiations relative to Germany to the other Allies.

TURK ENVOY ON WAY.

The Turkish peace mission is expected to arrive at Marseilles Wednesday. It will be quartered at Vauceresson, about three miles from Versailles.

DENIES GERMAN CABINET CRISIS

[By The Associated Press.]

Berlin, Sunday, June 8. — Rumors that a cabinet crisis is imminent are dismissed in official quarters as idle gossip. The fact that Herr Wissel, minister without portfolio and Dr. Bernhard Dernburg, minister of finance, differ respecting the conduct of post-war economic control has started a report that there is serious dissension in the cabinet. The issue, it is contended, cannot be decided until peace is arranged and is, in any case, purely personal.

FIGHTING IN IRELAND, REPORT

Paris, June 9.—Guerilla warfare of a character "which usually precedes a major conflict is now going on in Ireland," it is declared by Frank P. Walsh and Edward F. Dunne in a supplementary report which they have forwarded to President Wilson regarding conditions in Ireland.

Messrs. Walsh and Dunne, delegates of Irish societies in the United States, affirm in this addition to their report submitted to President Wilson last week that clashes between Irish volunteers and the army forces in Ireland, in which men on both sides are killed, are of daily occurrence.

BILL FOR NEW GERMAN COURT

[By The Associated Press.]

Berlin, Sunday, June 8—The constitutional convention has completed its consideration of a bill creating a state court which would try those accused of starting lengthening and losing the war. It will be presented in the national assembly soon.

The court would be composed of fifteen members, including the presidents of the imperial, military, Prussian, Bavarian and Hanseatic supreme courts, five members of the national assembly and five senators. The accused would be permitted to have counsel and would be given the privilege of testifying. Deliberations of the court would be secret and there would be no appeal from its verdict.

EASIER FOR GERMANY TO JOIN LEAGUE

Paris, June 9.—Premier Clemenceau, Colonel E. M. House and Lord Robert Cecil have re-examined the terms which nations other than the founder members may be admitted to the league of nations. Their report, which modifies somewhat the covenant so as to render the admission of Germany easier, will be submitted to the council of four today.

RECOMMENDATIONS.

It is understood that the conditions recommended for Germany's admission are:

First: The establishment of a stable government.

Second: The signing of the treaty of peace.

Third: The loyal execution of the peace treaty.

A proposed fourth condition relating to Germany's abolishing compulsory military service, was omitted on Premier Clemenceau's suggestion. It was considered that the treaty sufficiently provided for Germany's disarmament.

DEBATE ON WIRE CONTROL REPEAL

Washington, June 9.—Congress began the fourth week of its new session today with the senate considering the bill of Senator Kellogg of Minnesota, Republican, providing for the repeal of the law authorizing government control of telegraph, telephone and cable wires, and the house at work on the $800,000,000 army appropriation bill.

Action on the Kellogg bill by the senate was not expected before late in the week as lively debate on the action of Postmaster-General Burleson in ordering operation of wire lines restored to private control and the strike of commercial telegraphers and telephone operators was looked for.

The army appropriation bill as presented to the house today provides for an army of 400,000 men, and in addition to being stripped of general legislation, represented a considerable reduction in the amount originally sought by the war department. Wednesday or Thursday the naval bill will be taken up and throughout the week appropriation bills are to have the right of way.

WILSON INSISTS ON THOROUGH INQUIRY

Declares In Cablegram That Time Is Not Ripe for Publication of Terms—Investigation Starts.

Washington, June 9.—President Wilson in a cablegram received today by Senator Hitchcock, Democrat, Nebraska, said he hoped the investigation by the senate foreign relations committee of how copies of the peace treaty reached private interests in New York would "be thoroughly prosecuted."

NOT OPPORTUNE TIME.

The president said he had felt it "was highly undesirable officially to communicate the text of a document which is still in negotiation and subject to change," and that anyone who had possession of the official English text "has what he is clearly not entitled to have or to communicate."

This statement by the president strengthened the belief of officials here that he would not comply with the request of the senate that the treaty text be furnished it at this time.

THE CABLEGRAM.

The president's message transmitted through the White House and read by Senator Hitchcock when the foreign relations committee met today to plan its investigation, follows:

"Please convey following to Senator Hitchcock:

"I am heartily glad that you have demanded an investigation with regard to the possession of texts of the treaty by unauthorized persons. I have felt that it was highly undesirable officially to communicate the text of a document which is still in negotiation and subject to change. Any one who has possession of the official English text has what he is clearly not entitled to have or to communicate. I have felt in honor bound to act in the same spirit and in the same way as the representatives of the other great powers in this matter and am confident that my fellow countrymen will not expect me to break faith with them. I hope the investigation will be most thoroughly prosecuted."

Financiers Subpoenaed

Washington, June 9.—In its investigation of how copies of the peace treaty reached New York, the senate foreign relations committee today subpoenaed Jacob Schiff, Thomas F Lamont, H. P. Davison, Paul Warburg, J. P. Morgan and Frank A. Vanderlip.

AFTER CORRESPONDENCE.

Mr. Lamont was requested to bring with him any correspondence which passed between J. P. Morgan and company and its Paris and London agents regarding the treaty, and particularly any communications on the subject between the banking house and Mr. Davison while the latter was abroad.

The committee also adopted unanimously a motion by Senator Fall, Republican, of New Mexico, inviting Acting Secretary Polk to appear as a witness and to take part in the inquiry by cross-examining witnesses and otherwise.

All of the financiers named, except Mr. Vanderlip, were called at the suggestion of Senator Borah, Republican of Idaho, who told the committee he was convinced that each of them was familiar with what the treaty contained. He said he could not be sure that any one of them actually had a copy, however, because he never had seen a copy in their hands.

The Idaho senator said he was convinced the International Bankers of New York were interested "for private reasons" in the adoption of the league of nations covenant. He added that in his belief the calling of the men named would show how and why they were interested.

Presence of these men before the committee, Senator Borah said, undoubtedly would show where a copy of the treaty could be obtained.

"I think there will be trouble about getting a copy.," said he.

Mr. Vanderlip's name was added to the list of those to be called by Senator Williams, Democrat, of Mississippi, who gave no reason for his suggestion. The subpoenas were drawn on the motion of Senator Hitchcock of Nebraska, who introduced the resolution authorizing the investigation.

Senator Borah in a statement to the committee said he could not and did not intend to give the names of his informant that a copy of the treaty was in the hands of New York interests. The senator was cross-questioned at leigth by Mr. Hitchcock.

"THROUGH KITCHEN WINDOW."

Senator Moses, Republican, of New Hampshire said he hoped the committee would make no effort to obtain a copy of the treaty if the president did not furnish the senate with one declaring he objected to getting it "through the kitchen window."

"That is an individual view," interjected Senator Borah, "and certainly is not my view."

Senator Brandegee, Republican, of Connecticut, read from the recent speech by Senator Hitchcock in which the Nebraskan senator said if Senator Lodge held a copy of the treaty in his hand it either was a stolen document or had been obtained by bribery. The Connecticut senator said he had "had the audacity to say that the administration or any of its agents can be bribed" and added that when the investigation had been started he hoped Senator Hitchcock would either withdraw his inference or make good his charge.

LODGE TALKS.

Senator Lodge then took the stand and in a brief statement told of having seen a copy of the treaty in the possession of a friend in New York.

"I have never heard of the treaty being in the hands of financial interests," Senator Lodge said. "I was shown a copy of the treaty by a friend. I had some talk with him regarding certain parts of it."

The senator said he also saw another friend who offered him a copy of the text, but he declined, saying he would not accept a copy he could not make public. This friend, Senator Lodge continued, told him that he knew four copies of the treaty were already in New York. The senator said neither of the men referred to had any connection with financial interests so far as he knew. He added that he made no inquiry as to where they obtained copies of the treaty.

Replying to questions by Senator Hitchcock, Senator Lodge said he did not think, it "would be honorable" for him to disclose the name of the men who had copies of the treaty. He explained that he regarded it as very important that constituents should feel they could transmit communications to their senators without fear of their names being made public. He added that he did not know if the persons to whom he had talked in New York objected to their names being made known.

Declaring that several newspapers today had printed 25,000 words of what purported to be part of the treaty text, Senator Brandegee said that, except in the senate, copies of the document "are as common in this country as huckleberries."

SCRIBE BROUGHT THE COPY OVER

New York, June 9. — The full text of the treaty of peace with the Central powers has been brought to this country by Frazier Hunt, a correspondent of the Chicago Tribune, and is being syndicated to newspapers in this country in copyrighted sections. The first section appeared today.

Mr. Hunt says the copy of the treaty which he brought here is one of the original drafts and was obtained in Paris. It is printed in French and English, is contained in 416 pages and runs about 75,000 words. Mr. Hunt says it is quite easy to obtain German translations of the treaty in Germany and neutral countries, but these have omissions and are without the maps which his original draft copy contains.

The summary of the treaty as published in this country, Mr. Hunt states, substantially carries the important points of the full treaty and only in a few places are there omissions. These, he says, occur in the section relating to the Saare valley and in reference to the international labor organization.

IN RECORD.

Washington, June 9.—A copy of the German peace treaty said to have been brought to this country by a Chicago newspaper correspondent was presented to the senate today by Senator Borah, Republican of Idaho, and by a vote of 47 to 24 ordered put in the congressional record and printed as a public document.

All the votes against publication were cast by Democrats with the exception of that by Senator McCumber of North Dakota, Republican. Senator Thomas, Democrat, Colorado, forced a roll call refusing unanimous consent for publication.

HUNGARIANS ARE WARNED

Paris, June 9.—Premier Clemenceau, president of the peace conference, has telegraphed the Hungarian government that attacks by Hungarian troops on Czecho-Slovak forces must cease, a dispatch from Vienna today says. In case of non-compliance the Allied and associated governments have decided to use "extreme measures to constrain Hungary to cease hostilities," the premier's message adds

INJUNCTION ON BURLESON INVALID

Washington, June 9.—Federal court decrees dismissing injunction proceedings brought to restrain Postmaster-General Burleson from seizing and retaining control of the cable lines of the Commercial Cable and the Commercial Pacific Cable companies as well as from merging them with those of the Western Union Telegraph company were set aside by the supreme court today which ordered the lower court to dismiss the proceedings.

LOWDEN IS FOR SUFF AMENDMENT

Springfield, June 9.—A special message to the legislature, prepared by Governor Lowden for presentation to the house late today if a quorum is present, recommends "speedy ratification" of the federal suffrage amendment.

If a quorum is not on hand, the message urging quick and favorable action will be held up until tomorrow morning when it will be sent simultaneously to the house and senate.

The house reconvenes at 4 o'clock today after the week-end recess. Because of the wide publicity given the possibility of a house vote today, most of the members are believed to be enroute to Springfield for the afternoon session.

Ratification of the federal measure will by by a big majority, according to Mrs. Grace Wilbur Trout of Chicago, president of the Illinois Equal Suffrage association, and Mrs J. W. McGraw, also of Chicago, chairman of the association's legislative committee. Both are here today.

Considerable rivalry exists among both house and senate members as to who shall introduce the ratification resolutions and a number of senators and representatives are known to have carefully prepared resolutions up their sleeves.

Illinois is believed to have a good chance to lead all other states in ratification of the amendment.

FLIMSY DEFENSE FOR EX-KAISER

(Correspondence of Associated Press.)

Berlin, May 17.—General Friederich A. J. von Bernhardi, the military writer, under the title "Kaiser Wilhelm and Responsibility for the War," declares that the former emperor's only guilt was in not beginning the war early enough when his opponents were not equipped and takes the viewpoint in favor of preventive warfare.

He says of the kaiser:

"To the last moment he believed Russia would surender its inimical intentions and England would not take part in the fighting. In this belief he negotiated to that end and only with difficulty could he be induced to take up the gauntlet that had been thrown down to him."

Gen. von Berhardi admits however, that certain personalities influenced the kaiser's assumption of the gauntlet.

HUNS PLOTTED FOR UPRISING IN ITALY

Zurich, Sunday, June 8. — At the trial of the twenty-eight alleged secret agents and anarchists who have been brought before the court here on a charge of having plotted to bring about an anarchistic uprising in Italy, Dr. Staempely, Swiss attorney general, today severely scored the German general staff for sending agents from Berlin, "who maintained in Switzerland a terrorist service in order to bribe Italian anarchists to organize a revolution." He said: "Germany hoped for a universal revolution, beginning on Swiss soil."

Briess, one of the German witnesses at the trial, was attacked today at Zurich by Italian anarchists. He was roughly handled, his skull and several ribs were fractured and he is not expected to recover.

START STATE AID ROAD NEAR LANE

Clinton, June 9.—State aid work is started near the home of Orval Lane, east of Clinton, and auto tourists are advised to detour, in going to Lane and Weldon, around by way of the Cowle bridge or north at the Cowle bridge, or south around by the Smallwood bridge. There is no objection to anyone going over the road where it is torn up, but the driver is taking his chances while the road is torn up. The detour will save time and trouble for every driver who is going toward Lane or Weldon.

HOOVER TALKS ON EUROPEAN PROBLEMS

[By The Associated Press.]

Paris, June 9.—"This sort of economic delirium tremens will end with peace," said Herbert C. Hoover, chairman of the Inter-Allied food commission, today in discussing the situation in Europe and the need of financing different nations. Asked for a statement as to the financial requirements of Europe from the United States during the next months, he said:

"Any statement is promised upon peace and the return of Europe to work. I do not take it we will finance any more wars in Europe, directly or indirectly, nor that we will provide money to enable the people of Europe to live without work, or to work part time, as at present all over Europe. This sort of economic delirium tremens will end with peace.

NEUTRALS FLOURISHING.

"The volume of financial assistance needed, and the solution therefore, varies with the situation in each state. Neutral states are flourishing, and need cause no concern. Roumania, Greater Serbia, Bulgaria, Arabia, Turkey, except Armenia; Portugal, Greece and Hungary will be virtually self-supporting. These states represent nearly one-third the population of Europe.

"Poland and the Baltic states will produce almost enough bread, grains and vegetables for their own people, but will be short of fats. Czecho-Slovakia, Belgium and Finland have a larger import problem, for they always require breadstuffs, meats and fats throughout the year to supplement their own production.

ECONOMIC PROBLEMS SIMPLE.

"The economic problems of most of these states are simple when compared to the larger European nations and the world will be astonished with their recovery if they have peace."

"I feel that something like half a billion dollars assistance from the American government may be needed to join with the other Allies in the reorganization of the currencies of the new states and to take care of some particularly acute and otherwise unsolvable situations.

NEED LARGE SUM.

"On the other hand, much larger sums will be required from private credit for raw material and food, and in order to secure that, the private credits to governments, and especially to individuals, should be established, our government would probably need to consider some further measures of encouragement in this direction.

"We may have some further political revolutions in Europe, because the social pendulum has not reached the point of stability in some spots, but in my view the great danger of the red terror and destruction by Bolshevism has been greatly mitigated and will have actually passed in some countries on the signing of peace.

"If we undertake to give credits we should have consolidation, organized control of the assistance we give, in such a way that it should be used only if economy in imports is maintained and if the definite rehabilitation of industry is undertaken—if the people return to work, if orderly government is preserved, if fighting is stopped, disarmament is undertaken and there is no discrimination against the United States in favor of other countries.

"If these things are done the matter will be of nothing like such enormous figures as we have been handling during the war.

"If these things are not done, Europe will starve in spite of all we can do. The surplus of our productivity could not support a Europe of today's idleness if every man of us worked fifteen hours daily."

NEWS SUMMARY

Washington—Nicaragua has asked the United States to land troops there to cope with the threatened invasion from Costa Rica.

Paris—It is regarded as probable that President Wilson will sail for the United States within ten days or two weeks.

Vienna—Three thousand peasants, including women and children have been shot or hanged by the Red army as a consequence of revolts in western Hungary.

Vienna — President Seitz has declared that the peace terms presented to Austria are impossible and mean death to the country by starvation.

Paris—Lieut. Casale, French aviator, has broken his own altitude record by flying at a height of 31,168 feet.

Washington — National banks in operation June 1, totalled 7,803, the largest in the nation's history.

Amerongen—William Hohenzollern on May 14, completed the sawing of 3,000 trees since his flight into Holland. His record for one day was seventy-three small trees.

Wichita—Fifty-two members of the Industrial Workers of the World, after succeeding in having one indictment quashed have been re-indicted on charges of conspiracy against the government.

SIX KILLED WHEN TRAIN HITS AUTO

Chicago, June 9.—Six persons, two men, one woman and three children were instantly killed today when a Chicago, Burlington and Quincy passenger train struck their automobile at a crossing in Berwyn, a suburb. The bodies were so badly mangled identification was impossible. The automobile, which was reduced to bits, bore a Michigan number.

Later the men were identified from papers in their clothing as W. F. Steinberg and his brother, J. C. Steinberg, of Gary, Ind.

ESTHONIANS FORCED TO FIGHT GERMANS

London, June 9.—The Esthonian general staff considers itself forced to start military operations against the Germans, says a Helsingfor dispatch to the Mail. This action is in consequence of the action of Germans in the Riga district in advancing behind the Bolsheviki lines for the purpose of occupying the eastern frontier of Livonia, which, under orders from General von Der Goltz, commander of the German forces in the Baltic region, it is said "unmasked the German as accomplices of the Bolsheviki."

FIGHT NEAR RIGA.

Stockholm, June 9. — Esthonian forces have clashed with German landwehr troops in the region east of Riga, where Lettish detachments have also been in serious fighting with the Germans, according to an official statement issued at Esthonian headquartrs.

TOWNS TAKEN.

Copenhagen, June 8.—Kretizburg and Jakobstadt, important towns southeast of Riga, have been occupied by Esthonian forces, while further south Lithuanian troops are approaching Dvinsk, according to an official statement issued at Esthonian headquarters.

NEW RULE PLANNED FOR PETROGRAD

London, June 9.—A provisional government for liberated territory in Russia, after the expected capture of Petrograd has been arranged for, according to a dispatch to the Mail from Helsinfor. Professor Kartassef, non-Socialist member of the cabinet headed by A. F. Kerensky, will be the head of this government and will choose his colleagues from elements forming the Kolchak government at Omak and the Russian political committee in Paris.

The dispatches states that the cabinet will include Democrats, Constitutionalists, Republicans, Socialists, moderate Revolutionists and representatives of industry and commerce.

Amoy, China, Schools Close as Protest

[By The Associated Press.]

Amoy, China, June 9.—All business has been suspended and the schools have been closed in this city as a protest against the arrest of students in Peking following disorders which resulted from announcement of the action of the council of three at Paris relative to Shantung and Kiao-Chau.

AVIATOR UP 31,168 FEET, NEW RECORD

Paris, June 9.—The French aviator, Lieut. Casale, has established a new world's record for height. He ascended 9,500 meters (31,168 feet) Saturday. He was the holder of the previous record, 31,000 feet.

The Weather

Chicago, June 9.—Following are the weather indications for Illinois for thirty-six hours ending at 7 p. m. Tuesday:

Unsettled weather tonight and Tuesday, probably showers, except generally fair near Lake Michigan; somewhat cooler Tuesday in north and central portions.

Local Observation.

Following is the range of temperature as recorded by Prof. J. H. Conradt, United States weather observer:

Sunday.	
7 a. m.	64
Noon	79
7 p. m.	79
Highest	82
Lowest	56
Monday.	
7 a. m.	64
Noon	85
Lowest	61
Sun rises (Standard time)	5:27
Sun set	8:32

THE WEATHER.

Chicago, June 9.—The weather map at 8 a. m. today showed:

Canadian Northwest—Missing.

Northwest—40 to 58 generally cloudy. Bismarck .20.

West—50 to 68 generally cloudy. Valentine .08; Sioux City, Omaha raining.

Southwest—56 to 70 cloudy. Wichita .62; St. Louis .62.

Ohio Valley—66 to 70 clear. Cairo 1.36; Cincinnati .16.

BASEBALL.

New York, June 9.—(American)—New York-Chicago game postponed; wet grounds.

Boston, June 9. — Detroit-Boston game postponed; wet grounds.

OCEAN FLIGHT BY U. S. DIRIGIBLE

Washington, June 9.—Official confirmation that the navy department contemplated a trans-Atlantic flight by the dirigible C-5 without stop from St. Johns, N. F., to the Irish coast, is contained in Lieut.-Commander E. W. Coil's report of the C-5's voyage from Montauk Point, L. I., to St. Johns, N. F. The report made public for the first time Sunday shows that the C-5 made a remarkable flight lasting 25 hours and 50 minutes during which the airship covered more than 1,022 sea miles without difficulty although adverse weather conditions were encountered practically throughout.

The report indicates that the C-5 would have been a serious contender for the honors captured by the NC-4 later had she not been torn from her moorings at St. Johns and blown to sea.

"During the flight cold was the greatest hardship encountered and even that was not really serious" Commander Coil reported. "Had the crew not been outfitted with flying suits lined with fur the cold would have proved severe. As it was the greatest trial was the fact that smoking is not permitted in a dirigible."

NEED 600 MILLIONS TO FINISH SHIPS

Washington, June 9. — Chairman Hurley of the shipping board, has asked congress for a final appropriation of a little more than $600,000,000 to wind up the government's ship building operations.

This sum, he says, which will complete the work of raising the United States as a ship building nation to first place in the world ,and develop the American mercantile fleet from a negligible quantity to second place, acually is $400,000,000 less than congress already has authorized.

The present needs of the ship building program, as Chairman Hurley outlines them, take into consideration the cancellation or suspension of contracts for 754 ships, which alone will effect a saving of more than 594,000,000. The administration charges of the whole business will be only 1.32 per cent of the total final expenditure.

When all is done, Chairman Hurley points out in a letter to Chairman Good, of the House Appropriations committee, $2,861,755,570 will have been been expended in the country's great effort which will be shown in 13,885,106 dead weight tons of ships on the seas. Although a cost to the government will be less for the reasons, he outlines, as follows:

INVESTIGATE PLOTS AT WINNIPEG

Winnipeg, June 9.—Investigation of alleged plots by individuals connected with the Winnipeg strike has been launched by the federal Government. A. J. Anderson, a prominent Winnipeg attorney has been appointed to direct certain local phases of the investigation. American secret service agents also are here

NICARAGUA ASKS FOR U. S. TROOPS

Washington, June 9.—Nicaragua has asked the United States to land forces there to cope with a threatened invasion from Costa Rica. The state department is investigating the situation.

The Nicaraguan legation here in a statement declares that following the collapse of the revolution in Costa Rica, President Tinoco has massed large forces on the frontier.

Tinoco, whose brother as minister of war is at the head of the Costa Rican army in the field, has charged that Nicaragua aided the revolutionists. The Nicarauguans have denied the charge and cited that it was the liberal party in Nicafagua, members of the old Zelaya regime that went over to Tinoco.

AMPLE GROUND.

Washington, June 9.—With a substantial marine guard in Nicaraguan and a warship on each coast the United States is prepared to protect that country from invasion by Costa Ricans, it was learned today from official sources. No action is expected, however, pending the outcome of an investigation now being made by the state department.

CLAIMS UNION MEN LOSING POSITIONS

Chicago, June 9.—In a statement last night S. J. Konenkamp, international president of the Commercial Telegraphers' Union of America, who last night called for a nation-wide strike of telegraphers and telephone operators next Wednesday, declared in the last three days the Western Union Telegraph company had locked out 300 union men. These with the 2,500 workers he said were on strike in ten southeastern states makes a total of 2,500 workers already idle.

"We now have 2,800 workers who have been driven out by the Western Union although its head, Nemcomb Carlton said we had only 710 members," said Mr. Konenkamp.

Mr. Konenkamp said everywhere the members are assuring him they will do all they can to make the strike effective.

WOMAN SHOT BY ROBBERS DIES

Mount Vernon, June 9.—Mrs. John W. Neaville, who with her husband and seven year old grandson, John Robert Mabrey, were shot by robbers who entered their home, five miles southeast of here Friday night, died from her wounds at a hospital here Sunday.

Mrs. Neaville was shot in the abdomen and legs. After being shot, Mrs. Neaville picked up her grandson in an attempt to carry him to safety but a bullet apparently directed at her struck the child.

Mr. Neaville and the boy are expected to recover.

NEW INDICTMENTS FOR 52 I. W. W.'S

Witchita, Kans., June 9.—Members of the group of Industrial Workers of the World who have been in jail here more than a year awaiting trial, and who on Saturday succeeded in having the indictments pending against them in federal court quashed, were re-indicted late Saturday night by a special grand jury on charges of conspiracy against the government, it became known tonight.

The group contains 52 members, most of whom were arrested in the oil fields of Kansas and Oklahoma.

The new indictment also is against the entire I. W. W. organization and contains four counts.

According to Fred Robertson, United States district attorney for Kansas, forceful resistance to all laws of the United States and attempted overthrowing of all authority constitute the conspiracy charge. The entire I. W. W. organization will be tried under the indictment during the September term of federal court here, the district attorney said.

Army Training Made Ex-Waiter $5,000 Year Man

Washington, June 9.—"I know a young man who was a waiter in a small town restaurant in pre-war days for $12 a week and tips," says Colonel Arthur Woods, assistant to the secretary of war. "He had been in the national guard and managed to get an appointment at an officers' training school. They sent him to war as a second lieutenant. He came back a captain with a medal and a citation.

"'Nothing doing' he laughed when the boss offered him his old job back in the restaurant with the promise of a head waiter position in a few months. 'I am a five thousand dollar a year man now.'

"So he is. The other day the young captain got his five thousand dollar job with a big concern which has a large number of men to handle and he fits in admirably."

Up to date, according to a statement by Colonel Woods, there have been about 104,000 officers mustered out of service who are now back in civil life. Of these 8,000 have applied for assistance in securing employment.

Fashions and Household

THE NEW BATHING SUITS! THEY'RE HERE!

BY BETTY BROWN

New York, June—Richest materials simple lines elaborate embroideries! La la Chic as the Paris leone says These are the new bathing suits

And such a variety Fifth avenue shops have blossomed with them They are about as dashing without being daring as the human water sprite could wish

Here's one of black wool jersey in smock style with a sash of self material with green and wool crochet edging and an embroidered design in which a fish as the motif adds its effective decoration The checkerboard facing of the hat lends the finishing note

Also of fine wool jersey is the worsted figure this time in a second suit and again does green braid effect on all edges even to the tight bloomers The braided suit is of the same green The slashed skirt allows freedom of movement and altogether it's a gem among the new bathing costumes

Put on a Watteau style model with a godeted effect below the waist after the manner of the new est conventional coats is another of fashion's whims Its the bloomers They built precisely like riding breeches Of course there's a sash and again its braided though this time of silk to match silk braid embroidery on the suit

Then there are separate vestees for bathing dresses—another idea borrowed from conventional garb These are of such materials as Kumsi kumsa and oiled silk

—(Model by courtesy of Giddings Fifth av New York)

Blankets Get Their Bath

Fluffy soft blankets—those are the only kind you feel proud to spread on a bed when a guest comes Is that true?

But it's equally true that when once blankets must be washed it is not the easiest thing in the world to keep them fluffy

As long as it is possible the good housewife protects her blankets so that they will not need laundering With a sheet beneath and a counterpane or quilt above and the sheet so placed that there is ample length at the top to be folded over the blanket, the evil day can be postponed

But one day when winter things are being packed away in the spring she knows the blankets must finally go into the tub An abundance of soap flakes dissolved in a boiler full of very hot water and a smooth strong stick—these are her tools merging the blankets in the lather stirs and pounds them with her stick remembering to be gentle enough to keep them from pulling the fibre out of shape Nary a washboard is near Whatever rubbing must be done she does between the hands as soon as the water cools sufficiently

Then she lets the water run out without pulling the blankets from the tub rinses them twice in very hot water and finally in the third rinse water dissolves a little of the soap once more and stirs it When this water is drained off she lifts the blankets out and hangs them in the sunshine

Here again she is most careful If they are not hung with the exact middle of each blanket on the line, and all edges even they will dry in scallops and be very hard to get in shape After they have partly dried she reverses them to dry the other side When the sun goes down her blankets are almost entirely dry and she takes them in the house But next morning if the sun is bright she hangs them out once more That evening when she takes them down they are fluffy soft blankets

SHELBY LIEUTENANT IN HARD BATTLES

Samuel C. Davis Narrowly Escaped Death.

Shelbyville June 9 — Lieutenant Samuel C Davis who since Oct 1918 has been in command of Co C of the 131st regiment 33d division arrived in Shelbyville Saturday He has not received his discharge but his company was discharged a day or two ago and he was given leave of absence

Lieutenant Davis left Shelbyville with Co M Oct 9 1917 as supply sergeant Within a month after reaching Camp Logan he received promotion and continued to advance until he was placed in charge of Co C and later was recommended for a captaincy at Brest Lack of time before repatriation prevented his promotion

Davis service record discloses the fact that he was in a number of the hardest engagements in which the American troops participated — the Somme offensive Grossaire Wood Chipilly Ridge offensive Hamel offensive Meuse and the Argonne offensive That he held the respect and esteem of his company is indicated by the fact that following their discharge the men gave him a fine dinner He was with his company in the last battle before hostilities ceased

Lieutenant Davis home is at Beecher City but for several years before he enlisted with Co H he was a resident of this city where he worked his way through high school graduating with honors and later taught school for a year at Fancher He was exceptionally well liked and his friends rejoice at his return unscathed thought at different times he was near death Once a bullet passed through his sleeve but he was unhurt

DIES RESULT OF ABSCESS

Vernon Sills a young farmer living on the F F Bridges farm east of the city died there at 3 o'clock Friday afternoon from the effects of an abscess resulting from an injury sustained six weeks ago when he was jolted from a gang plow he was using Mr Sills was a son of Mr and Mrs William Sills and was born near Greensburg Ind Nov 1 1880 He came to Shelbyville with his parents when he was five years old On Dec 27 1907 he married Miss Pearl Martin at East St Louis and is survived by her and three children The latter are Paul, Irma and Carl Sills Surviving also are his parents and three brothers the latter being Walter Sills of Muskogee, Okla, George Sills and Roy Sills of Shelbyville which is also the home of his parents He was a member of the Christian church and the funeral was conducted by the pastor of that church, Rev N H Robertson at 2 o'clock Sunday afternoon the service being held at the home where the young man and his family have lived for the last five years Burial was in Glenwood cemetery

PLAN SHELBYVILLE BAND

Steps were taken Friday evening in the June meeting of the Shelbyville Commercial Club to form an association having for its express purpose the formation of a first class band in Shelbyville Lack of players has for several years prevented the city's having a band commensurate with its needs and its former standard but is proposed now to overcome the obstacles and again assure the city a first class musical aggregation A committee consisting of L S Storm W H Chew and George H Waters was appointed to take up the matter at once

The Comercial club also will furnish Shelbyville a lyceum course during the coming winter Mrs Clara W Watkins of the Midland Lyceum Bureau of Des Moines Ia appeared before the club and contracted with it for a course including one lecture and four musical entertainments the first of which is to be given in October The Comercial club will furnish the course to the public at popular prices

It was decided that after Tuesday evening, when the Commercial club will entertain H company and all other soldiers sailors and marines who have returned since the former reception no further demonstrations would be held until it was determined whether the Commercial club would co operate with the Shelbyville Chautauqua association in its Military Day during the approaching assembly or hold a great home coming celebration in this city in the fall

RICHARDSON FUNERAL

Hundreds of people turned out to the funeral of D F Richardson former head of the Citizens National Bank at 3 o'clock Friday afternoon The local banks closed for the afternoon and a number of bankers from other parts of the county were present for the services Rev J L Boarhit assisted by Rev M G Coleman conducted the services The Shelbyville band led the procession of Masons and others to the cemetery A mixed quartet composed of Mrs Josephine Calder Miss Harriett Bryant W D Trumpp and Dr J H Hite sang The pallbearers were W S Middlesworth B I Dearing John J Ward W S Amlin W C Kelley and Truman E Ames

Two classes from the Baptist Sunday school enjoyed a delightful outing at the picnic grounds down by the river southwest of town Friday Major F F Auld a former teacher of the young men's class was the guest of honor. About fifty were present

A group of congenial young people are enjoying a house party at Lithia Springs under the chaperonage of Miss LaVone Shoaff and Miss Okla Sturgis In the party are Misses Mary Johnson Ruby Turney Janalee Lumpp Helen Moller and Corporal Leo Keller Sergeant Harry Osborne William Whitaker, Hamlin Mertens and Ed Runkle

Begin Taking These Tablets At Once

The sooner you begin to help a weak or ailing stomach with Eupepsia Tablets, the quicker will your stomach be strong and well again. That is why we urge you to take these tablets at once. Acute indigestion, chronic dyspepsia, bloating, acidity and discomfort after eating are quickly relieved by Eupepsia Tablets. One taken before meals at once stimulates the digestive functions, starts the flow of gastric juices, strengthens a weak stomach, and sweetens a sour one. Eupepsia Tablets help the stomach in a natural way, and by restoring its strength and activity, enable it to resume its work of digestion and assimilation Test them today. You'll feel better tomorrow They relieve quickly, surely and safely.

"We have a constant and rapidly increasing demand for EUPEPSIA TABLETS Reports we have received from customers indicate plainly that EUPEPSIA TABLETS will do all that is claimed for them

The Call of Colorado and Utah Rockies

Spend your vacation this summer in the heart of the Rockies.

The climatic, scenic and recreational advantages of this outing region annually attract multitudes of summer visitors.

Smooth motor roads lead to high mountain passes; and trails lead to woodland glades "where the ground was never trenched by spade, and flowers spring up unsown."

Lakes and rushing streams full of game fish.

Here are two National Parks, six National Monuments and more than twenty million acres of National Forests.

Summer Excursion Fares

Ask for the booklets you want. They describe Colorado and Utah Rockies, the two National Parks—Rocky Mountain and Mesa Verde—also the six National Monuments.

Ask the local ticket agent to help plan your trip—or apply to nearest Consolidated Ticket Office—or address nearest Travel Bureau, United States Railroad Administration, 646 Transportation Building, Chicago, 143 Liberty Street, New York City; 602 Healey Building, Atlanta, Georgia.

When You Want the Very Best—Buy

Whittall Rugs

The Pride of the Manufacturer
The Pride of the Dealer
The Pride of the Owner

If you want the reason for the great popularity of Whittaall Rugs ask anyone who owns one.

You will find that the reason lies in one big indisputable fact—

They Are Splendid Rugs—The Best Made In America

Ask us to show them to you and to tell you why they are the best. Ask the people who are using them and have been using them for years with complete satisfaction.

They have all the beauty and charm of Oriental Floor Coverings and one of their chief beauties lies in the fact that they are quite within the limits of the moderate pocket-book.

MOTORISTS FIND ROUGH DIRT ROADS

Many Need Dragging in Macon County.

Motorists who forsook the city pavements for the country roads Sunday and nearly everyone who had a car which was reasonably sure of getting back did so—found that the dirt roads were rather rough Gravel roads were already dusty and in fairly good condition for driving but it was evident that the man with many acres of corn needing immediate attention had not taken the time to drag the dirt roads and in the worst places they were very rough indeed, with great ruts and clods as hard as stone

The wheat is showing signs of the approaching harvest and it is likely that much of it will be ready for the binder by July 4

CORN SMALL

Corn is small probably two to three weeks behind the usual season schedule in most places The fields have been rather weed and grassy but they are being rapidly cultivated and put into good shape

Gardens are in fine condition but the potato bug pest seems to be a bad in the farming districts as it is in Decatur gardens and the farmers are spraying their potato patches quite as industriously as the city man who has only a few hills in the back yard

Sunday drivers also found the wild strawberry hunter out picking the deliciously flavored fruit not a few of the city folks having pails with them and engaging in the same task

37 CHILDREN ARE BAPTIZED

Is Unusual Feature at First Methodist Sunday School

An unusual feature of the children's day exercises at the First Methodist church Sunday morning was the baptism of thirty seven children the largest number the pastor Rev F A Haighurst has ever baptized at one time There was an unusually large audience present for the children's day exercises which were entitled The College Bell

The Ladies Aid division meetings will be held Tuesday afternoon as follows West central at the home of Mrs G J Jagers 121 Taylor avenue southwest at the home of Mrs I M Tenney 622 West Wood east division at Fairview park pavilion

The study of Bishop McConnell's Essentials of Methodism will be continued at the Wednesday night service A duet will be given by Miss Elizabeth Towle and Mrs Frank Acton At 4 o'clock in the afternoon the midweek meeting of the junior department will be held

Following the prayer meeting Wednesday night the official board will meet for a special session

Troop 7 Boy Scouts will meet at 7 o'clock Friday evening

AIRPLANES WILL LAND HERE AGAIN

Saturday Night Visitor Leaves for St Louis Sunday.

The airplane which spent Saturday night in Decatur went on to St Louis Sunday morning about 8 o'clock Both machines which were here that day will probably be back through Decatur some time this week

It is a real comfort to fly in such a country as this said John P Porter the chief pilot

There is always a field in sight in which a man can drop without danger to himself or his machine or even to the growing crops In the hilly country of the east level spaces in which to land are not so easy to find Here we can drop into an oats field a wheat field or a pasture At this time of year the dropping into a corn field would not hurt anything as the two wheels on the under carriage of the plane do not damage the growing crop

Auto Hit

Trying to cross in front of a westbound Cerdit car at Cullom street Sunday afternoon the auto belonging to George Pozzell R F D No 2 and occupied by himself and family failed to clear the track and was struck The auto was battered up some and Mrs Pozzell was painfully but not seriously injured

At Daughter's Funeral

Mr and Mrs Hampton of Lake Mary street went to Windsor Sunday to attend the funeral of their daughter Mrs Arthur Wilson

DOINGS OF THE DUFFS

THE OLD RELIABLE REMEDY!

By ALLMAN

MANY MOOSE GO TO PANA SUNDAY

Take Part in Dedicating New Hall.

Decatur Moose figured prominently in the dedication of the new home of the Pana lodge at Pana Sunday Fully 500 went down from Decatur, taking with them the Goodman band, the drill team and Moose quartet These organizations took a prominent part in the dedicatory services There were several thousand visitors in town for the day and the new home was inspected by fully 3000 people

F F Wendling state senator from Shelbyville was master of ceremonies and an excellent program was rendered including talks by Mayor Stoddard M Wendling Senator R O Kessinger of Aurora and sixteen year old Charles Harrison editor of the Mooseheart magazine The invocation was given by Rev A W Fruechte of Pana Seventy-five women were kept busy most of the day, preparing and serving meals to the visitors

2 00 ATTEND GAME

In the afternoon fully 2500 fans saw the ball game between the Staley ball club of Decatur and the Pana Blues The latter won, 5 to 4 by bunching hits off McGinnity in the last two innings Gardner twirled the first seven innings of the game in great shape and had the Staley team in the lead but had to leave to catch a train McGinnity who went in the box after Gardner was touched rather freely

MINISTERS PLAN FOR VACATIONS

Many Will Take Entire Month for Recuperation.

Some of the ministers of the city are planning to take vacations this summer Many of them have not yet definitely decided just where they will spend their vacations

BOYS AND GIRLS ARRESTED IN PARK

Police Made Raid Early Sunday Morning.

BLAME DANCE HALLS

Two Girls Sent to Welfare Home.

Late saturday night a man overheard some men and girls planning for a party in Nelson park One of the men said that he had a case of beer and two pints of whisky The man who overheard the conversation reported it to the police The police knew that with such an equipment the party intended to make a night of it so they waited until 2 o'clock Sunday morning and then visited the park They found Durward Horton and Letha Martin aged nineteen in an automobile and placed them under arrest

The police learned that Rex Hornback Scott Rice Nelle Lynch and Geraldine Williams were supposed to be somewhere in the park and a search was made for them Hornback and Rice were found in an intoxicated condition but the girls could not be located until 5 o'clock Sunday morning at their homes in the north part of the city They had walked home taking the coats belonging to Hornback and Rice with them

DANCE HALLS BLAMED

All were taken to police headquarters There the girls said that going to public dances was what started them wrong They said that the party at Nelson park was planned at a dance hall Saturday night

Geraldine Williams and Nellie Lynch are each seventeen years old They were sent to the Welfare home Letha Martin is nineteen years old and she paid a fine for disorderly conduct The three young men were charged with contributing to the delinquency of minors and with disorderly conduct Hornback and Horton gave bond in the sum of $400 on each of the state warrants Rice was unable to give bond and was turned over to Sheriff Pentwell The cases of the three young men are set for 1 o'clock next Monday afternoon in Justice Noble's court

CHARGES ASSAULT

Ernest Beatty North Main street was arrested Sunday night on complaint of Officer Wells who charged Beatty with assaulting his wife and disturbing the peace Mrs Beatty said that when she asked her husband for some money with which to buy something to eat he struck her Beatty pleaded guilty before Justice Noble and was fined $1.00

The Standard Oil Company (Indiana) and the Employee

THE relationship existing between the Standard Oil Company (Indiana) and its employees has always been so harmonious as to constitute one large, happy family.

As the stronger guard and care for the weaker in the small family, just so has the Company looked after those of its employees who have grown old in its service—a liberal annuity attends the pressure of advancing years.

For those active in the service, the Company provides steady employment, good working conditions, and satisfactory compensation.

In return the Company has required efficiency—the kind of whole-hearted, painstaking effort which a well paid employee, working under pleasant conditions, is glad and happy to give.

It is this working spirit, developing in this highly specialized branch of industry the highest type of co-operative interest, which enables the Company to discharge its obligations as a public servant in a manner satisfactory and beneficial to the public, and to the 4623 stockholders, not one of whom holds as much as ten percent of the total stock.

There are 19,568 men and women in the Standard Oil (Indiana) family, more than double the enrollment of ten years ago—yet of those who were with the Company in 1909, more than 2000 are still actively engaged in the business, while over 800 are wearing the gold button, symbolizing twenty years of continuous service.

JESS WILLARD RIGHT; WILL HAVE NO ALIBI

BY FRED TURBYVILLE.

Don't be misguided in speculating on the big scrap.

Jess Willard is right.

The champion, to help set the matter right and answer his critics, gave me a whole day of his time. In that day he talked, answered questions posed for pictures, got on the scales and then went through ten fast rounds of workout.

After the day was ended and its events reviewed I concluded young Jack Dempsey had quite a task ahead if Dempsey wins the great heavyweight championship clash on July 4, he will have the credit of having beaten a mighty good man—one of the most remarkable heavyweights who ever wore the belt.

IN RIGHT

Willard weighs a little less than 260 pounds He weighed that the day I saw him and he's cut off a few pounds since for he is in strenuous training now For the fight with Jack Johnson he weighed 239 pounds He expects to weigh between 238 and 240 for Dempsey

There has been talk, lots of it, that Willard wasn't right, that he was big and fat He is big—a whale of a man—but he stands 6 feet 6½ inches and his weight isn't too much.

Jess doesn't skip the rope—it is hard on the heart, he says.

Jess always has kept in good physical condition. But he hasn't actively trained since the Moran fight He's had two weeks of it and the condition he's in leads one to believe he'll step into the ring with Dempsey at his best.

JESS WILLARD TODAY.

WILLARD STARTS HARDER TRAINING

Doubles Admission for Sunday Visitors.

Toledo, O., June 9.—Jess Willard is scheduled to begin today the second week of serious training for his heavyweight championship contest with Jack Dempsey here July 4. The champion plans to increase his boxing until he has reached the 12 round limit, the distance he is to travel against his youthful challenger.

Willard is gradually becoming acclimated and is finding it easier to breathe than when he started work a week ago

DOUBLED PRICES

There was criticism heard in some quarters today because the champion doubled the price of admission Sunday to the persons who visited his training camp on the shores of Maumee Bay. The champion charged fifty cents, instead of 25 cents as on week days, and the paid attendance was $2,084, which netted $1,042, more than enough to defray training expenses for a week.

Jack Kearns, manager of Dempsey, declined to take advantage of the Sunday throng and charged the customary 25 cents to see the challenger work out There were 1,600 paid admissions at the Dempsey camp. Kearns is distributing a part of the money received for watching Dempsey train to churches and charitable organizations in the bay shore district He presented the pastor of one church with a check for $100 to defray the expenses of a church entertainment and in appreciation for the donation a Sunday school teacher visited the camp with a number of his class to convey their thanks

MAY NAME BROWNE

Reports that Bill Browne, a New York referee, had been selected to referee the Independence day contest were denied today It was announced that the referee question would not be definitely settled until probably two weeks before the contest and that the boxers themselves would attempt to agree upon the selection of the third man in the ring

If the boxers fail to agree upon a referee, Tex Rickard, promoter of the contest under the terms of the articles of agreement, will be empowered to name one. It is known that he favored Browne, whom he regards as one of the most capable ring officials in the country.

LARGE FIELD IN TRANS-MISSISSIPPI

St Louis, Mo., June 9.—The largest field in the history of the trans-Mississippi Golf Association championship tournament began teeing off early today at the St. Louis Country club.

While nearly 300 entered and paid fees to help swell the fund of the Red Cross more than 100 contented themselves with aiding charity.

Omaha sent a score of players, including the long driving Sam W. Reynolds, while Rock Island, Ill., was represented by several good players led by John D. Cody, formerly president of the association.

PAIRINGS FOR GOLF TOURNEY

St. Louis, Mo., June 7.—Pairings for the qualifying rounds of the trans-Mississippi golf tournament were made tonight and play will start at 8 o'clock Monday morning at the St. Louis Country club.

Although it had been announced entries would close tonight, officials extended the limit to four o'clock Monday afternoon in order to swell the proceeds which are to be donated to war charities To-night 160 golfers had been registered.

CHICK EVANS OUT TO DEFEND TITLE

Newton, Mass., June 9.—For the first time since 1918 the crack golfers of the United States got away at the Braeburn Country club course today for the national open golf championship, There were 135 starters, with Charles (Chick) Evans of Edgewater, the titleholder, among them

The entire field will play 18 holes today and tomorrow and the 64 returning the lowest cards will play 36 holes Wednesday. The player with the lowest cards will winn the title, a gold medal and $500 in cash If an amateur wins he will receive a medal and the $500 cash prize will go to the professional returning the lowest card.

IDEALS WIN IN 15-INNING BATTLE

Reorganized Monarchs Put Up Good Game on Fairview Diamond.

The Ideals defeated Otto Dombroski's reorganized Monarchs in a fifteen inning battle on Fairview Park diamond Sunday afternoon, 9 to 8 George Shulke, hurling for the losers walked two, fanned fifteen and hit one man allowing twelve hits but his teammates piled up eight errors behind him Lunn, pitching for the Ideals, was given better support but was touched for nineteen hits. He fanned thirteen, walked two and hit one batter. The score by innings follows

																	R	H	E
Monarchs	0	0	1	0	0	1	2	1	1	0	1	0	0	0	1	—	8	19	8
Ideals	0	2	0	0	1	1	0	2	0	0	1	0	0	0	2	—	9	12	8

Batteries—Shulke and W. Quick; Lunn and Reece.

COMET SIX TEAM HANDED SHUT OUT

Play Fast Game But Unable to Hit St. Louis Pitcher.

With the exception of a bad third inning the Comet Six ball team of Decatur, played a big, fast game with the St. Louis Giants at St. Louis Sunday afternoon. The Decatur team lost, 4 to 0, due to inability to hit Gatewood, the Giant twirler and also a sensational catch by Scott, which robbed them of a chance to score several runs Evans will probably pitch the Monday game for the Comets against the Giants, while on Tuesday, either Wheatley will start or Poston will again try to turn the trick. The score follows:

									R	H	E
Giants	0	1	3	0	0	0	0	x	4	6	1
Comets	0	0	0	0	0	0	0	0	0	4	3

Batteries—Gatewood and Kennard; Poston and Long.

BLUE MOUND WINS FROM OAKLEY 3-1

Lindstrum and Manecke Engage in Pitchers' Battle.

Blue Mound ball fans witnessed another pitchers' battle there Sunday afternoon when the home team defeated the Oakley team, 3 to 1. Lindstrum, Blue Mound twirler, was touched for five clean hits, fanned thirteen and Manecke, the Oakley twirler, allowed but four hits, fanning fifteen. The score by innings follows:

									R	H	E
Blue Mound	0	0	2	0	0	0	1	0	3	4	4
Oakley	0	0	0	0	0	0	1	0	1	5	2

Batteries—Lindstrum and Roff, Manecke and Knorr.

MUELLERS LOSE TO WATERWORKS

Due largely to costly errors, the Mueller baseball team lost its first game of the season Sunday, to the Waterworks team at the Comet ball park 3 to 2 The game was marked by some brilliant fielding and fast, snappy double plays. The score by innings follows:

									R	H	E
Muellers	0	0	2	0	0	0	0	0	2	7	5
Waterworks	0	0	0	1	0	2	0	0	3	5	3

Batteries—Heil and Fleckenstein; Brinkmeier C. Rushing and Watkins

DEWITT COUNTY BOARD MEETS

Clinton, June 9.—The board of supervisors are in session today. The supervisors face some of the most important business to be brought before them since before the war.

Foremost in the mind of the people is the matter of improvement of the county court house lawns and the walks surrounding them. The board of supervisors will probably vote to make the improvements because of the sentiment of the people in favor of the changes around the county building. The beautification of the court house is generally desired by people all over the county.

In Clintonia township the re-districting of the voting precincts so that there will be eight instead of five, will be of great interest. The change is made for several reasons, one of which is the heavy balloting in the precincts as now in existence Three of the present precincts, the first, fourth and fifth, will be cut in two under the proposed plan.

Improvements of the county jail as planned are necessary because the present porches are decayed and falling through. The plans will probably be voted for this improvement.

Car Jumps Track.

A Fairview park street car split a switch on Van Dyke street near the subway Sunday afternoon when the car was loaded with people returning from Fairview park and Fairlawn cemetery. One pair of trucks left the track and caused much excitement in the car. There was no injury to passengers nor damage to property.

Home By July 1.

A Haverstock, a Decatur boy who served in the artillery corps during the St. Mihiel and Argonne forest battles and who came through without a scratch, writes that he expects to be back in the United States by July 1. He is now serving in the motor transport section.

WILLARD'S PROPAGANDA.

Admirers of Jack Dempsey are hoping he isn't the kind of man who gets flustered because of publicity stuff that comes from the camp of the enemy. The Willard people are trying to destroy his morale, so there is need that Dempsey keep himself well in hand and sit tight.

First, there was the story that Willard had knocked out his sparring partner, did it with a gentle tap. The partner was rated a good deal of a man in the fistic line; so if Willard could tap him lightly and put him all to the bad, what chance will there be for a victim when Willard gets madly in earnest?

Another story is that scouts are rushing over the country to find sparring partners who can take turns at the game and stand against Willard for just a little while. They want a couple of dozen such men, enough to furnish Willard proper exercise for, say, a half hour a day. It is feared that men good enough to do the turn are no longer to be found.

Of course they hope Dempsey will swallow all that stuff. But why do they want to frighten him before he gets into the ring? It is possible they have a notion he will prove dangerous unless his morale is destroyed in advance. And all this time Dempsey is saying not a word.

SOME DIDN'T SEE IT.

A week ago it was stated that electrical workers were getting ready to put on a general strike in this country. Word now comes from Mr. Ford at Springfield, secretary of the International Brotherhood of Electrical workers, that there will be no strike.

As reason for this change of front it is mentioned that Mr. Burleson at Washington has let go of management of the wires. As long as he is out of the game it is not thought necessary to do any striking.

That is the way the electrical workers see it, as told by Mr. Ford. It is a wonder the Commercial Telegraphers Union of America could not have seen its troubles in the same happy light. Mr. Konenkamp of that organization was threatening a strike against Burleson, unless certain things were done by a fixed time.

Mr. Burleson let go, but in this Mr Konenkamp could see only the need of putting the strike on at once. What ails the president of the telegraphers?

BARGAIN DAY FOR SPEEDERS.

The officers one evening last week grabbed a bunch of speeders in this town; they were taken before the proper courts and were assessed $5.30 each. The general opinion is they were let off easy at that figure. There is a suggestion that they be touched up for something like $25.

Of course the public understands that $5.30 rate applied only for the tail end of the week. It was a gentle and simple little act as a curtain raiser. The justices did not intend the thing as a precedent. It was just bargain day as an opener of the season's business.

Those offenders who may be called up this week need express no surprise if they are asked to hand over a great deal more than $5.30. And along about week after next the justices will be hitting up the best lick that is in them. If you care to save your money for something useful, you had better refrain from speeding in Decatur.

HORRIBLE WASTE.

There is mention of a new machine for shaving ham. In its praise it is stated that it supplied filling for 240 sandwiches, and it had only ten pounds of meat with which to do it. This is regarded as at least a new record.

We should pronounce it an extravagant piece of machinery. This showing is at the rate of two-thirds of an ounce of ham to the sandwich. It is entirely too much ham, as such matters are arranged in these days. Why, that's the kind of ham sandwich mother would make for the returning hero. If a man in the business has done a thing like this, he can know that he is surely headed toward bankruptcy. Bradstreet's would report him as good while he lasts, but he isn't going to be here long.

WHO WILL MAKE BEST PRICES?

A Pan-American commercial conference was held in Washington last week. About 750 delegates attended from North and South America. Everybody was busy extending the glad hand, and at the conclusion of the meeting it was agreed that much good had been accomplished.

It appears we are making some headway in this matter of building up a bigger trade among the countries of this western hemisphere. There is the promise there soon will be plenty of ships to look after the transportation, and we are pretty sure the ships are on the way and will be ready.

Also the banking interests of the hemisphere have made arrangements to extend credit to those who are worthy a thing of the kind. The Associated Press is to make a specialty of gathering news throughout the hemisphere and supplying it to all the countries.

It seems that everything has been arranged, except to supply material and manufactured goods at prices that will appeal to merchants and others in all these countries. This may come in time, but one is not aware a start has yet been made.

It occurs to us this is the most important item in the whole list of arrangements. Only last week an Englishman who had traveled throughout South America returned to London. He reported that England could have the trade of that country; as reason for this he assigned that England will be able to make best prices on the goods that go into this trade.

If he is right in this statement about prices that England can make, it is an easy guess that England will have a mighty big slice of the trade. And if our prices are highest in the lot, we shall have the smallest share of the trade.

NOT GETTING BETTER.

The railroad deficit for the month of April is put at $58,000,000, and this makes the deficit $250,000,000 for the first four months of the year. The public will have to make up this through some form of taxation. Men will not walk up voluntarily and contribute to a fund to wipe out the deficit; the money to do this will have to be taken from them.

Mr. Hines says the unfavorable showing is due to "the falling off of business." We don't have as many figures on this point as we would like. There is a comparison of the net operating income this year with that of the same months last year, and the net now is much less. This much we do know.

We could use more figures relating to the total business done. How does this compare with a period before we got into the war? We do not expect the carrying business of the roads to be as high in tonnage as it was a year ago, for then everything was at forced high pressure.

But what are the roads doing now in tonnage as compared with normal times? If we are pretty close to the normal mark, we can't expect to do much better. At present rates, nobody is going to load a ton of freight on the cars and keep it moving up and down the country just to see the wheels go round. People are not going to travel more just because the rates have been advanced 50 per cent.

THEY WOULD LIKE TO.

Brigadier General Ketchen, speaking to a mass meeting at Winnipeg, declared that the strike in that town can no longer be considered a union labor protest, but that it is an attempt to overthrow the government."

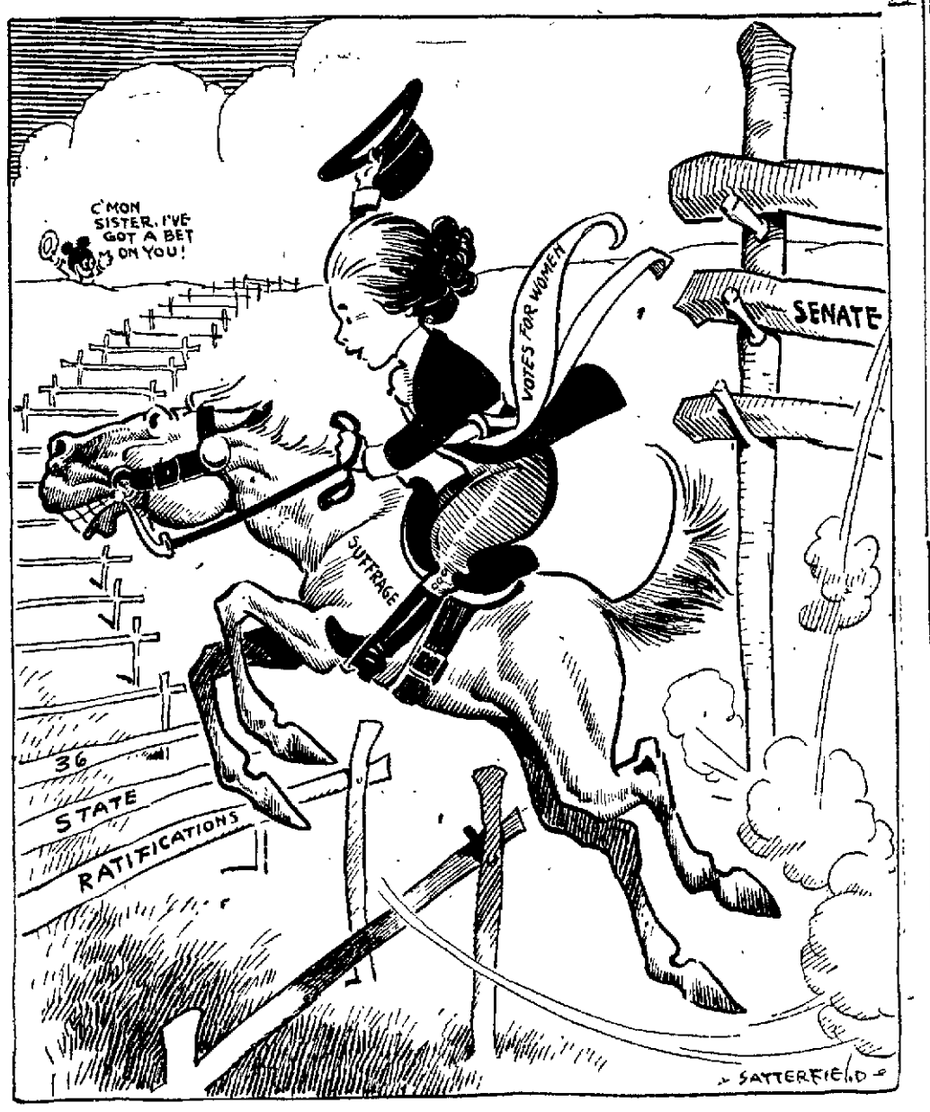

There are Bolsh in this country and in Canada; and doubtless many of these have gravitated to Winnipeg in the past four weeks. Of course these Bolsh always try to seize a general disturbance and make use of it to gain ends they keep in mind. It is their business, as they see it, to overthrow governments; and if they have any sort of encouragement they are willing to work industriously at the job.

Yes, there are some in the position of leaders in the Winnipeg strike who would overthrow the government. They were quick to show this in regulations they made, and tried to enforce, in the matter of the distribution of the necessaries of life. They were the ones who tried to give permission, or to refuse it, to have necessary work done or left undone.

When men are permitted to do a thing of this kind they are the government, the only governing force there is at hand. And a mighty poor sort of government they are. That is what the Bolsh brethren did in Russia, and they surely made a mess of it.

We are promised fair weather all this week, the first one in a long while. Also it is about time for the forecasters to score a hit.

THE REST ARE EASY

Alvin C. York has a lot of good sense for an acclaimed hero. He refused to go on the vaudeville stage because he "guessed he would be a scream in tights." In this he shows a sense of the ridiculous that ought to go far toward saving him.

Are you entirely sure that Jess Willard was not too old to go to the war?

When we read of the general cussedness of the five bad ones that Sheriff Peniwell took to Pontiac, we conclude the superintendent of that reformatory earns his living.

If these "gangs" in towns like Chicago were permitted to go on and kill each other off, would they be doing the country a service?

PLANNED TO ROB THE MONEY CAR

Chicago, June 9.—A plan to rob the money car of the Chicago railways company was disclosed today, according to the police, through a letter found in the room occupied until recently by "Big Jim" Farrell, who is under arrest on a charge of robbery committed in the east.

The money car stops at the various barns where the receipts are turned in by conductors and usually carries about $75,000.

BEMENT.

Children's Day exercises at the Presbyterian church were well attended. The offering was $15. The offering at the Sunday school was $15. This $30 is for Sunday school work, establishing and maintaining schools where there have been none.

Mrs. J. T. Moore, Misses Edna and Nina Moore and their guests Mr. and Mrs. Russell Hopkins motored to Sadorus Friday afternoon to visit Mr. and Mrs. Ray C. Moore. On Saturday, they all went to Decatur.

J. T. Moore of Oakland spent Sunday at his home here.

Ten Years Ago Today In Decatur

JUNE 9, 1909.

St. Peter's A. M. E. church was planning to start a fund for a new church.

Art McKee and Roy Moore leased ground west of Dreamland park for a trapshooting park.

A. E. Staley of the Staley Starch Works, was negotiating for the purchase of twelve acres of the Dodson estate to enlarge the Wellington Starch plant which they had recently purchased.

TWENTY YEARS AGO TODAY.

C. E. Dawson resigned his position with the Citizens' National bank after years of service. He had held every position in the bank from collector to paying teller.

L. W. Bullard resigned his position as conductor on a West Main car to take a position in the Citizens' bank.

Dr. S. E. McClelland returned from Columbus, where he attended a meeting of the American Medical association.

Dr. K. W. Sweet died at her home at the corner of Pugh and Van Dyke. She was associated with Dr. B. F. Sibley in the practice of medicine before Dr. Sibley's death.

Two hundred attended the alumni reception. Ben Imboden was elected president.

HEAVY TRAFFIC ON EASTERN ROADS

George Flint, Home From Atlantic City, Says Railroads Are Busy.

George R. Flint of the Flint-Eaton & Co, returned Sunday from Atlantic City, where he attended the National convention of the American Association of Pharmaceutical Chemists. Mr. Flint was elected a director of the association.

He comments on the fact that he does not see how the railroads can be losing money as every train in the east is jammed to the doors and pulling all the coaches possible. He said it was also impossible to secure a berth and that on the train he returned on it was with difficulty that those on his train were served supper. Between Pittsburgh and Philadelphia, he said, it looked like a thirty minute service was not enough as the trains were so full.

At Atlantic City and in fact over many of the eastern cities, he said, were scores of airplanes in passenger business at rates ranging from $2 to $4 a minute for joy rides. Atlantic City hotels are doing a rushing business already.

Skin diseases quickly yield to Resinol

If your doctor said to use Resinol Ointment for that skin-trouble you'd try it without a second thought! Well, *thousands* of doctors throughout the country *are* prescribing Resinol Ointment to heal sick skins, and have been doing so constantly for over *twenty years*. So why not take the combined advice of all these wise medical men and let Resinol Ointment make *your* skin well? It usually stops itching at once, makes sleep possible, and speedily heals the eruption.

Resinol Ointment is an excellent healing dressing, too, for burns, scalds, cuts and stubborn little sores. Sold by all druggists. *Resinol Soap clears poor complexions.*

SANS SOUCI CLUB LUNCHEON THURSDAY

Will Close Season Until Next Fall.

WITH a luncheon at the Hotel Orlando Thursday afternoon at 1 o'clock, the Sans Souci club will close its season No more meetings will be held then until fall At the luncheon on Thursday all the women who have not entertained the club during the year will be the hostesses

Owing to the fact that the club started its social season so late in the fall having waited until after the signing of the armistice as all the women were busy with war work the season this year was rather short and a number of the members had not had an opportunity to entertain the club Now that summer has come it has been decided to have a luncheon with these members of the hostesses and close up the meetings until after the warm weather is over

Miss Beatrice Atlass has returned home for the summer from Vassar college which she has been attending Before coming back to Decatur she was a guest at a house party given by her room mate Miss Ida Musel at her summer home at Fort Erie Can One of the other girls at the house party came as far west as Chicago with Miss Atlass on her return

Mr and Mrs J R Holt and family will leave a week from Thursday for Forada's Mich where Mrs Holt and the children will spend the summer Mr Holt will remain a week getting them settled and will then return to Decatur

Mrs Araxelle Chandler who makes her home with her daughter Mrs Clarence Powers will attend the annual event of the Musical Culture club at Arcola tonight

Mrs Harry Van Orman returned home Saturday evening from Detroit Mich where she had been making a visit at her old home

Mr and Mrs W H Suffern had a few guests at dinner at the Fishing club Sunday There were seven in the party

Mr and Mrs W C Starr had a dinner party at 1 o'clock at the club thirteen people making up the party

Joe M Murphey returned home Sunday from Houston Tex where he had been visiting his mother Monday morning while at his office Mr Murphey suffered an attack of acute indigestion

Pan Hellenic is having its picnic supper this evening at the Curtis country home Treehaven

About 100 women are expected to attend luncheon at 12 30 Tuesday noon at the Hotel Orlando to hear Miss Neva Boyd recreation worker from Chicago who was asked to come to Decatur by the Womans division of the City club Immediately after the luncheon Miss Boyd will give her address

DECATUR SOLDIERS RETURNING HOME

No self-starving; you become slender gracefully, vivacious, mentally and physically alert—glad you're alive! Reduction guaranteed 10 to 60 pounds.

TELEPHONE RATES TO BE ADVANCED

Add 50 Cents Per Month to Residence Phones and $1 Per Month On Business Houses Starting Wednesday.

Telephone rates in Decatur go up Wednesday June 11. The advance on residence telephones is fifty cents a month, on business telephones the increase is one dollar a month.

This increase was ordered in a bulletin received from headquarters by Manager Fred Kelly Monday morning with the notice that the new rates were to go into effect June 11.

RATE SCHEDULE.

The schedule of rates per month for the city telephones is now as follows:

Residence:
Individual line $2.50.
Two party line, $2.00.
Extension (unchanged) 50c.

For business telephones the new rates will be as follows:
Individual line, $4.00.
Two party line, $3.50.
Extension (unchanged), $1.00.

SAME AS SPRINGFIELD.

"These rates are the same which have prevailed in Springfield for years," said Manager Kelly in speaking of the change in rates here.

"When you come to think about it the service which the user now gets is much greater in proportion than the advance in rates. In 1915 both telephone companies here had a total of not quite 6,000 unduplicated phones. Now we have 9,300 all in this one exchange and at the service of every other telephone user."

SERVICE COSTS MORE.

"We are giving much more service at much higher cost to us than the service given by both companies together four years ago and the combined cost of the two telephones in those days for fewer customers was more than the cost we now ask for the present larger service without that annoyance of the duplication of systems.

"We feel that the advance is fair from both the standpoint of the company and of the user."

LONG DISTANCE RATES.

The order which was issued Dec 12, 1918 on long distance telephone rates but which was suspended by the public utilities commission of the state on the ground that the United State government could not control rates within the state, has now gone into effect and the various rulings regarding station to station calls and person to person calls are already being made.

The changes are varied both as to rate and time and to the unitiated seem rather complicated.

The chief change is in the "person to person" call where the real advance has been made. This advance is practically 25 per cent, although the percentage is not adhered to in the lower rates where the increase is made five cents, the nickel remaining unbroken.

FIVE CENTS HIGHER.

For instance the lower priced rates in the person to person call are changed as follows:

The 10-cent calls are now 15 cents.
The 15-cent calls are now 20 cents.
The 20-cent calls are now 25 cents.
The 30 and35-cent calls are 40 cents.

The minimum long distance call is 10 cents but the long distance station to station call rate remains unchanged.

For instance if Mrs. Smith wants to talk to Mrs. Jones at Macon where the present rate is ten cents. The new rate will be 15 cents. But if Mrs Smith calls for the residence of Mrs Jones at Macon the rate will be just as it has been, ten cents.

FIVE MINUTE TALK.

A further advantage from the standpoint of the subscriber is that if he makes a station to station call he may talk five minutes while if he makes a person to person call the limit is three minutes before the overtime charge starts.

If Mrs. Smith asks for the Jones residence at Macon she may talk for five minutes without an over charge but if she has inadventantly asked central to call for Mrs. Jones herself she may only talk three minutes before the added charge starts.

This ruling is based by the company on the experience which proves that the person to person calls holds up the line while the individual is being called while the station to station line call gets through at once, thereby the sooner releasing the line for other service.

OVERTIME CHARGES.

The charges for overtime on the long distances calls remains the same but if Mrs. Smith when she calls the Jones residence in Macon asks for a report as to where Mrs. Jones is if she is not at home, the report charge is ten cents. If the call is a station to station call and no answer is made from the other end of the line there is no charge.

There have also been some changes in night rates. The calls put in from 8:30 to midnight take a considerably lower rate than day calls and those put in from midnight until 4 o'clock in the morning take a rate of about one-fourth that of the day charges.

MANAGERS MEET.

On Wednesday Manager Kelley of the Decatur exchange will have a meeting of the managers of the exchanges within his teritory for a discussion of the new schedules which are rather complicated and call for much explanation.

500 TONS OF COAL FOR WELFARE HOME

J. H. Warnecke Secures Valuable Gift.

WORTH ABOUT $500

Given by Pana and St. Louis Coal Companies.

J. H. Warnecke has secured for the Welfare Home the gift of 100 tons of coal, one carload from the Smith Lohr Co. of Pana and another carload from the Consolidated Coal Co. of St. Louis.

Mr. Warnecke, who is manager of the Polar Co., of this city, is much interested in the development of the Welfare Home and its good work in this community and by his personal efforts he secured these two handsome gifts—really a total of $500—for the institution.

He notified Mrs. Guy Scovill, president of the board, Monday that the coal would be shipped to the Welfare Home at any time the institution was ready to receive it.

LOVINGTON AFTER THE HARD ROAD

Sullivan, June 9.—The Board of supervisors met today and will be in session today in their annual June meeting.

The hard-road question will be the feature of this meeting which is the most important part of the business to be transacted this time. It is being looked forward to with considerable interest.

No one has the least idea just what action the board will take in reference to the hard road. Lovington is putting up a big fight for the mile of hard road to be placed south of that city and farmers east of this city are working hard to get it at the east end of the present hard road. They are willing to build a bridge over the creek which would save some money for road use.

Miss Murrell Burress of Dalton city, who has been employed in the post office here for sometime as clerk, has quit and will attend school this summer. Miss Goldie Creech, who has been chief operator for the Sullivan Home Telephone company, will work in the post office as clerk.

SEVERAL INDICTMENTS

Judge George A. Sentel turned the regular panel of jurymen into a special grand jury Saturday for the purpose of taking up cases of prisoners who were confined in the county jail. The jury was not in session long until they returned indictments against Herman Webb on a charge of forgery. He is charged with having forged a check on a man at Arthur a few weeks ago. George Crough, Walter Hall and Arthur Henry were indicted on a charge of burglary and larceny. They are charged with breaking into a place of business at Lovington a short time ago. Tedwell Theodore and Gordon Eskiss were indicted on two charges of burglary and larceny in connection with breaking into a garage several weeks ago, none of them have been arraigned. There will be circuit court again next Saturday when Judge Sentel will be home to attend to the business which is up before the court at that time.

People took advantage of the good roads Sunday and every car was out some time during the day, quite a large number of strangers were in the city especially in the afternoon.

Mr. and Mrs. David R. Roadman and two children Dwight and Margaret were Champaign visitors Sunday afternoon.

DOUGLAS GRAIN IS GROWING FINE

Tuscola, June 9.—The farmers who had been kept out of fields in the middle of the week by rains were able to get back to work Saturday. They kept at the cultivation of corn all day Saturday and then came to town with their families in the evening. They report that the corn is generally a good stand and growing nicely.

The wheat is headed out and it is thought that with favorable weather the wheat harvest will be a little earlier than usual, because of the rank growth made by the wheat.

Paul and Fred Turner who are attending the University of Illinois, came down Saturday night and with their father and mother, formed a party that went to Hume Sunday to meet Mrs. Turner's brother Capt. John J. Connelly of the Medical corps, who just returned from France.

Several soldiers of this vicinity went to Newman Friday night to attend a meeting that was held there in the interest of a county organization of the American Legion.

GOSNELL-WELLS.

Miss Ruth Wells and Roy N. Gosnell, both of Chicago, were married at the Wells home here on East Sale street, Saturday. The only guests being Dr. and Mrs. W. E. Rice, who live next door to Mrs. Wells. The ceremony was performed by Rev. A. S. Kaye. The bride is the only daughter of Mrs. Wells. She has been in Chicago for some time. Mr. Gosnell is employed by a Chicago commission house. The young couple left immediately after the ceremony for Chicago.

KINDERGARTEN OPENS.

A class in kindergarten work has been organized here and will meet in the forenoon of each day during the term, beginning Monday, at the high school building. The work is to be conducted by Miss Esther Requarth, assisted by Miss Grace Shawhan, both of Decatur. These women conducted a very successful kindergarten here last year.

Capt. J. F. Hilgenberg, of Pesotum, who is now with the Medical corps in France has sent to his wife a citation from General Pershing, for bravery on the field of battle. Captain Hilgenberg is a son of Mr. and Mrs. Jacob Hilgenberg of this city.

Miss Nellie Hendrick and Friedly Robertson, both of Arcola, came to Tuscola Saturday afternoon, accompanied by Rev. Mr. Robertson of Arcola, and were married in the county clerk's office by Rev. Mr. Robertson at 3:30 o'clock. The party returned to Arcola following the ceremony.

Bert Hazelett, recently returned to his position as cashier at the C. & E. I. station in Tuscola from overseas army duty, received a letter Saturday from his friend Renos Huber, also of this city, who is a cook in the navy and now on duty on the U. S. S. Favorite. The letter was dated may 25, and mailed from Brest. Huber stated that his boat, which is a salvaged vessel, has been operating off the coast about twenty-five miles south of Brest, for several days, trying to raise a steamer that had been sunk last year. He also stated that the "dope" was, they were to sail for the states in a few days and to receive their discharge immediately on arrival here.

Saturday visitors in Decatur were, Mrs. W. E. Van Voorhis, Mrs. Riley Hilgenberg, Mr. and Mrs. Ed Shoppe and P. M. Moore.

Thomas W. Abrams of Bethany, formerly a Tuscola citizen was here Friday for a short time while driving from Indianapolis to his home. He stated that Mrs. Mattie Fisk, who makes her home with the Abrams family and who is very well known as one of the old citizens of Tuscola, had been in poor health for some time, but is better just now.

Bruce K. Hayden, colored, has just been discharged from the army at Camp Dix, New Jersey, following his return from France, and has arrived in Tuscola. Bruce was formerly a city letter carrier on the south side and will resume that duty this week. He was in the army ten months, and spent nine of them in France, being sent over in just a few days after leaving here with a contingent of drafted men. He was employed for a part of the time after his arrival in France in army mail service, and then went into the field in infantry service, but did not get to the front in time to see any active service.

F. H. Jones has returned from a three weeks trip to his Chariton county, Missouri farm.

Earl Wooten moved to Champaign Saturday and Mrs. Alice Brown began moving into the house on West Daggy street, vacated by Mr. Wooten. Henry A. Timm took his two motor trucks and went to Fairland on Saturday and brought down the household goods of Prof. E. O. May, the newly employed superintendent of the Tuscola high school, and who is moving into the Worth McCormick property on East Van Allen street.

W. S. Burgett and wife from South fo Camargo were in Tuscola Saturday.

Miss Helen Brown spent Sunday with her sister in Champaign.

Mr. and Mrs. John Hanson from Garrett were in Tuscola Saturday.

James Day of Atwood was here Saturday.

George Fornof of Streator came down Friday night for a visit with Mrs. Fornof, who has been at the home of her mother, Mrs. Frahm, south of town for some time.

Mr. and Mrs. Charles S. Skinner and family went to Sidell, their former home, on Saturday.

MORE BOOSTS FOR DANIEL B. TOURNEY

Denver, Colo., Sun—We unhesitatingly express the hope that the Republican party may nominate for president of the United States in 1920, Daniel B. Turney, D.D., L.L.D., of Decatur, Ill. If he had been the nominee in 1916 instead of Judge Hughes, we verily believe he would have won.

Macon, Ga., Citizen—Dr. Turney is a patriot. Our civil and religious liberty would be safe in his hands.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

WHY DO WOMEN SUFFER

When There is Such a Remedy for Their Ills as Lydia E. Pinkham's Vegetable Compound?

Mishawaka, Ind.—"I had such a severe female weakness that I could not do my work and I could not get anything to relieve me. A physician treated me, but it did no good. I had been in this condition for three months when I began taking Lydia E. Pinkham's Vegetable Compound (tablet form) and it cured me. I keep house and am able to do my work now. I certainly praise your medicine."—Mrs. SUDA OLDFATHER, 548 West Second Street, Mishawaka, Ind.

Women who suffer from such ailments should not continue to drag around and do their work under such conditions, but profit by the experience of Mrs. Oldfather and thousands of others who have tried this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and found relief from such suffering. If complications exist write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience in advising women on this subject is at your service.

ABOUT TOWN

ESPERANTO makes for clearness, logic and the elimination of figure of speech, slang, coloquialisms and language idioms. E. S. Paysan, president of the Emerson Piano Co. who is visiting in Decatur, now is known as one of the most expert of the users of esperanto, the universal language, and he is constantly being asked to translate English books, stories, political documents and the like into esperanto for use all over the world.

Recently he translated a book of adventure and in it a girl was watching an airplane in which probably, her lover was risking his life.

In the words of the novelist "her eyes were glued to the airplane." At another place "she flew up stairs and swept the room with her eyes," Probably her face fell when she heard bad news.

"Now what would a Chinaman or a Jap think of such a phrase if I put that into esperanto literally?" said Mr. Paysan.

"This universal language into which you are putting thoughts for peoples of all nations, peoples to whom local coliquialisms mean nothing, causes a man to think straight and try to express just exactly what he means. Similes, figures of speech, idioms, all must be watched carefully when putting the thought into esperanto.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, Imitations and "Just-as-good" are but experiments, and endanger the health of Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other narcotic substance. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend,

The Kind You Have Always Bought

Bears the Signature of

Chas. H. Fletcher.

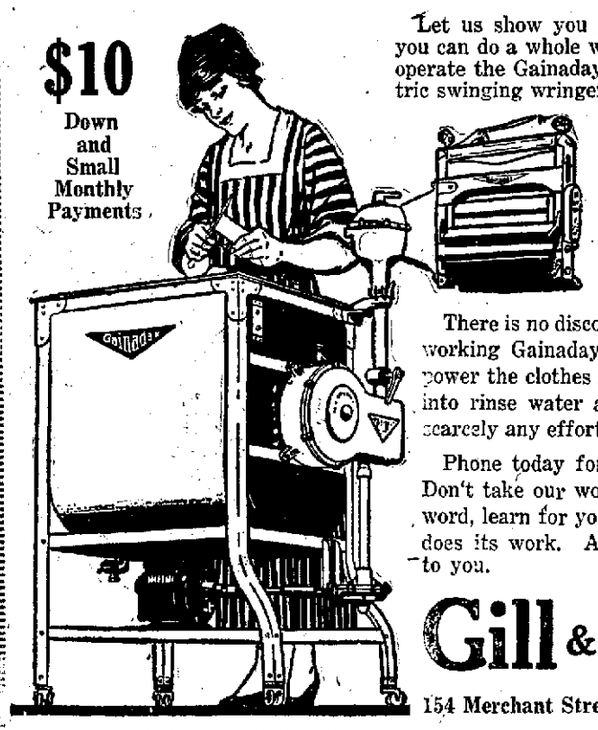

In Use For Over 30 Years

THE CENTAUR COMPANY, NEW YORK CITY.

Try This Washer Yourself Before You Decide to Buy

Then you'll know positively just what good work the Gainaday Washer and Wringer will do in your own home. You'll have a chance to try it yourself on everything from dainty laces and linens to the rougher soiled clothes. You can put in old rag rugs. It will wash anything that's washable.

$10 Down and Small Monthly Payments

Let us show you just how easily and quickly you can do a whole wash, and how safely you can operate the Gainaday with its "safety-first" electric swinging wringer.

Swinging Wringer Is Best of All

There is no discounting the ability of the hard working Gainaday Wringer, that wrings by power the clothes from washer into blue water, into rinse water and into the basket with scarcely any effort on your part.

Phone today for a Gainaday demonstration. Don't take our word for it, or your neighbor's word, learn for yourself how well the Gainaday does its work. And remember—special terms to you.

MAKES APPEAL FOR LIFE OF SERVICE

High School Class Attends Baccalaureate.

TO SERVE HUMANITY

Rev. F. A. Havighurst Preaches Annual Sermon.

That service in the broad sense to humanity to society to others should be the object of education and that a life of service is after all the only life worth while was the subject of the baccalaureate sermon which Dr Francis A Havighurst delivered to the graduating class of 1919 of the Decatur high school at the First Methodist church Sunday night

The members of the class of the number of about 1 attended the services in a body and occupied the central portion of the church which had been reserved for them The high school faculty and the members of the board of education also occupied the seats reserved for them

ETHICAL VALUES

The failure of the German teachers to recognize the need of ethical values in education the principle of service to others brought on the great conflict which imperilled the civilization of the world

Altruism not egotism service not selfishness must come more largely to the hearts of men everywhere if the future is to be safe

FOUR ESSENTIALS

In the great work of rebuilding the world there are four things we must earnestly work at First the spirit of patriotism must be permeated with a motive of service You must make nationalism serve the interests of mankind We must create anew a sense of honor in international promises and bring about a new confidence in national honesty We must determine to work at the problem of making an end of war We must cultivate a spirit of friendship and good will between the nations The best thing that came out of the war was Edith Cavell's dying message, "Standing as I do in view of God and eternity, I realize that patriotism is not enough I must have no hatred nor bitterness toward anyone." In that spirit let us build patiently and hopefully a better and more kindly world "

CLEAR THINKING

To the graduating class Dr Havighurst appealed for clear thinking Superficial thinking, he said was never so dangerous to the world as at this particular time. The service which the educated man is to give to the world within the next decade will require the very highest equipment in both mind and character

ST. PAUL'S LUTHERAN

Services will be held in German to observe Pentecost at 7 45 Monday evening The Young People's society will meet Tuesday evening

BOYS' BANQUET IN FIRST METHODIST

Will Be Served Thursday Evening Under Boys' Work Committee

A big event of the week at the First Methodist church so far as the boys are concerned will be the boys banquet and conference Thursday evening This is under the supervision of the boys work committee which also serves as a Boy Scouts committee It consists of Dan Heck P C Knorr and J F Mattes All boys of the intermediate and senior department will be present

The boys themselves are carrying out the whole program with the following committees in charge

Chairman—Walter Havighurst

Program — Bunn Guest Herbert Somerville Charles Wagner

General Arrangements — Erwin Hurlt Richard Mount Maurice Atkinson Harold Johnson

Attendance—Emil Cooper Stephen Platt J B Austin

This banquet will be free to the boys a group of men of the church taking care of the expense

The program will include talks on What a Boy Expects from His Church and What the Boys of this Church Can do this Year There will also be Scout talks and demonstrations in which Scoutmaster L F Kinnister will have a prominent part All the Boy Scouts and other boys of the church who expect to attend should be on hand at 6 30 sharp Thursday evening

WOODMEN HOLD ANNUAL MEMORIAL

Seven Modern Woodmen and Royal Neighbor camps of Decatur participated in the annual Memorial exercises held Sunday afternoon in Fairview cemetery and the exercises were attended by fully 500 people The drill teams and degree teams of the various camps met at the Powers building and marched through the business district coming to a halt at Lincoln Square where all took street cars to the cemetery A delegation from Forsyth also participated

The exercises were held before the Woodmen monument in Fairlawn The invocation was given by Rev T Harley Marsh of the First Baptist church and this was followed by a short talk by the head officer of each camp

BLISS NATIVE HERB TABLETS

A RUN DOWN SYSTEM is like a run down clock Unless tuned up it is of little use If you are run-down from overwork don't neglect your condition Get a box of Bliss Native Herb Tablets take one or two at bedtime and you will note an immediate improvement For over thirty years they have proved a wonderful aid to men women and children in maintaining health and vigor George Grindstaff Doeville Tenn writes I was all run down in health and it seemed nothing would help me I was induced to try Bliss Native Herb Tablets I am thankful for this wonderful remedy because I am enjoying good health

Don't delay taking Bliss Native Herb Tablets There is nothing to equal them for removing the cause of constipation liver and kidney trouble sick headache, rheumatism or disordered stomach They stimulate the liver purify the blood and tone up the system also improve the appetite Get the genuine Look for the trademark and money back guarantee on every box Price $1 00 per box of 200 tablets

The Destinies of The Young Manhood of America Are in YOUR Hands!

These young fellows need your moral support and helpful guidance as much as they need your dollar.

The welfare of this country and the stability of democracy depend upon the right training of the coming generation; and the right guidance and example and ideal for that younger generation now on the threshold of manhood is one of the greatest tasks that this country has ever undertaken and is not at all the small and insignificant affair that some people have imagined. There's no more to the Boy Scouts than "long hikes and camping out parties."

You strike right at the heart of anarchy and the Bolsheviki when you make it possible for these boys—YOUR boys to live up to such a wonderful ideal as

The Scout Oath

On my honor, I will do my best—

1. To do my duty to God and my country, and to obey the Scout law.
2. To help other people at all times.
3. To keep myself physically strong, mentally awake and morally straight.

Boy Scouts are manly boys who stand for manly principles and as loyal Americans our duty has not been done, nor have we paid allegiance to that dear old flag for which every scout is taught respect—until we see this Boy Scout program through, that begins this week.

The future destinies of democracy and freedom and right living rest upon the shoulders of the Boy Scouts of America.

May We Never Forget Our Duty To The Boy Scouts of America!

❖—❖—❖—❖—❖—❖

We Are Glad, Indeed, To Contribute This Space To The Boy Scouts

INVESTMENT PROPERTY FOR SALE

Here is something which should appeal to the careful and sagacious investor who is looking for investment property which has all the car marks of a safe, sure and certain future, something which will practically take care of itself for the next ten years and pay a fair return on the capital invested and increase rapidly in value.

If you are optimistic about Decatur's future, this proposition should strike you as being the highest type of investment property. Here it is:

A frontage of 170 feet, on asphalt paved street, with a depth of 144 feet to Wabash right of way, with switch privilege, and located in the most desirable wholesale district in the City of Decatur. On this ground is an extensive factory building, in good repair, and leased to responsible tenant for ten years, at a monthly rental of $175 and upkeep.

This property will increase in value at a rate of $1,000 annually for the next ten years (perhaps more). The great big things under way, and the millions which will be spent within the next two years, is behind this estimate.

If you are interested, let me give you further details at my office or by appointment. Price, $35,000.

AMANDA CALDWELL ILL FOR TWO YEARS

Widow of Edward Caldwell Dies of Complications in Home.

Mrs. Amanda Buchanan Caldwell, widow of Edward Caldwell, died at 10:15 o'clock Sunday forenoon at the family residence, 481 South Greenwood avenue. She was sixty-one years old. Her death was caused by a complication of diseases, after an illness of two years. Last Christmas she suffered a relapse and grew steadily worse.

Mrs. Caldwell was born in Randolph county, Mo., but most of her life had been spent in Decatur. She was twice married. Her first husband was a Mr. Buchanan, to whom she was married forty-six years ago. Her second husband was Edward Caldwell, who died over ten years ago.

Mrs. Caldwell is survived by three daughters and one son, Mrs. Charles F. Bronner, Miss Gussie Caldwell and Miss Ethel Caldwell, all of Decatur, and William Buchanan of Chicago.

PHILO ROBINSON DIES AT AGE OF 65

Born and Lived in Decatur All His Life; Funeral Tuesday.

Philo H. Robinson died at 8 o'clock Sunday evening in the residence of his daughter, Mrs. Ollie Jones, 1099 St. Louis avenue. Mr. Robinson was sixty-five years old. His death was caused by stomach trouble, with which he had suffered for the last five months.

Philo Robinson was born on West Main street, Decatur, and had lived in this city all his life. He was known to all the old residents of the west part of the city and had many friends. He was a member of the First Methodist church.

Mr. Robinson is survived by his wife and the following children: Mrs. Pope of Chicago, Mrs. Ollie Jones, John Edgar Robinson and Philo Robinson, Jr., all of Decatur. He also leaves a sister, Mrs. Hattie McCaskill of Chicago. There are eight grand-children.

The body was removed to the Moran undertaking establishment and prepared for burial.

The funeral will be held at 2:30 o'clock Tuesday afternoon at the home of his daughter, Mrs. Jones, 1099 St. Louis avenue. The services will be conducted by Rev. Freeman A. Hayghurst, pastor of the First Methodist church. The interment will be in Greenwood.

FORMER BANKER AT MT. PULASKI KILLED

Mt. Pulaski, June 9.—Announcement of the death of Walter P. Sawyer, a banker here in the seventies, was published in a Chicago newspaper Friday. Mr. Sawyer who was very deaf was killed by a passenger train on a crossing at his home in Waukesha, Wis., where he was president of the Exchange National bank.

Virgil Connolley, who has just graduated in pharmacy at the University of Chicago arrived home Sunday and will resume his former position in Loudon's drug store.

Dee E. Danner and Al Alspach drove two Mitchell automobiles home from Chicago Saturday. The car Mr. Danner drove was for his sister, Mrs. Myrtle Ehrenkamp.

Miss Hazel Connolley will entertain the Pirate Bridge club Tuesday at her home on South Marion street.

William E. Snedmiser of Mitchell, S. D., visited here a few days last week with relatives.

Miss Ella McMahon was a delegate to the Illinois State Sunday School convention in Rock Island last week.

Miss Della Harrison has gone to Fort Wayne, Ind., to attend a business college.

Miss Amelia Krise of Decatur was a week-end guest of Mr. and Mrs. Claude Ump.

Herschel Shrader, who recently returned from over seas visited relatives in Springfield last week.

Mrs. H. M. Pond of McPhee, Kans., arrived here the latter part of last week to visit her brother, William Laughery.

Mr. and Mrs. Bert Allison and daughter, Bettylou, of Latham were week-end guests of her sister, Mrs. L. T. Myers and parents, Mr. and Mrs. John Zeh.

Theodore Zimmerman is excavating for his new home on the lot he recently purchased on North Vine street.

Last Saturday night's crowd was as large as usual. Every available space around the public square was parked with automobiles.

Mr. and Mrs. Jefferson Green of Bolivia, Ill., motored to Mt. Pulaski Sunday to visit her sister, Mrs. Mary Snyder. Mrs. Snyder accompanied them home.

The Mutual Chautauqua will be held in Mt. Pulaski on July 1, 2, 3, 4 and 5.

Mr. and Mrs. Perce Ely went to Decatur Saturday evening to visit relatives.

LOVINGTON FOLK IN AUTO SMASH UP

Lovington, June 9.—Four young people of this place had a narrow escape from serious injury Sunday night when they were thrown from an auto driven by Leonard McMullin when McMullin's machine smashed into a carstanding in the road south of town without any lights. It was learned later that the car left in the road and which immediately took on fire and was burned belonged to Miss Ethel Collins of Sullivan.

Besides McMullin, the other occupants of his car were, Miss Olive Dickson, Lyle Harrison and Violet Cox. Aside from a few bruises neither of the four were injured.

MATTOON MAN BUYS TWO ELEVATORS

Mattoon, June 9.—Ernest Orndorff of the Big Four Elevator company closed a deal of Friday by which he became owner of the two Tuscola elevators of Chambers & Foote, at a consideration of $30,000. The property was bought through a Tuscola bank.

One of the elevators is located on the Illinois Central and has a capacity of 20,000 bushels. Connected with it is a grain drier with a daily capacity of 3,000 bushels. The other elevator is located on the C. & E. I. and has a 40,000 bushel capacity.

Mr. Orndorff now owns a string of five elevators. In connection with the local elevator he operates a feed plant and a large warehouse. The other elevators are at Lipsy, northwest of town and at Jones' Switch.

Polar Clinkerless.

Domestic Lump,

$5 per ton delivered.

The Polar Company

Wanted. Young man 17 or 18 for general office work. Must be High school graduate. E-Z Opener Bag Co.

Ma's—Moving to Town.

160 acres for sale, all level, black, tiled, big improvements, in edge of Jerseyville, the county seat. $220 per acre.

120 acres, near town, fine home, rich land, small payment down; $125 per acre.

If I can't show you as good country and land as you have at home, I'll pay your way here. I own the above farms, and I am going to sell them. Write to me, or if you come, inquire for me at the State bank P. J. Fleming, Jerseyville, Ill.

ALBERT C. MANN IN NEW POSITION

Decatur Man Head of Big Steel Company.

Albert C. Mann, a former Decatur boy, son of the late W. E. Mann and for more than twenty years connected with the purchasing department of the Illinois Central railroad, has resigned from the position of chief purchasing agent for that big corporation to take the place of vice president of the American International Steel Corporation, 120 Broadway, New York City.

This Corporation is composed of some of the heaviest financial men in the United States and is owned by the American International Corporation.

DEAL IN EXPORT.

It will deal in the export of iron and steel products from the United States to other countries.

Mr. Mann, who is one of the really big men Decatur has sent out into the financial world, will take the new place at a substantial increase in salary over that which he drew as head of the purchasing department for the Illinois Central. His resignation from the railroad takes effect July 1.

He and his wife, formerly Miss Bess Dills, also of Decatur, will leave the latter part of this month for New York where they will make their home.

Mr. Mann accepted this position because he felt that it would be wise for him to get out of railroad routine into other lines of work although he has been unusually successful in the railroad business.

How are the Roads?

Roads are dry again but in many places are quite rough.

Mt. Pulaski—Roads are good.

Pana—Roads are in good shape here again now.

Roads from here to Champaign have all been dragged since the rain. About ten miles east of Decatur they are extremely rough, but beyond that they are smooth. All Piatt county roads are smooth. The Champaign roads are only a little better than Macon county roads.

Sullivan—The roads are in good condition here.

Monticello—Roads are in fine condition.

HELPING SOLDIERS GET THEIR CLAIM

Press Waggoner Assists in Filling Out Blanks for Travel Expense.

Press Waggoner, chairman of the relief committee of Scott Wilson camp, Spanish War Veterans, is assisting returned soldiers who are filing claims for additional travel allowances. There are blanks to be filled out and Mr. Waggoner assists in seeing that they are filled correctly. These claims come through an increase 3½ cents per mile to 5 cents for soldiers discharged since No. 11, 1918.

DECATUR SOLDIERS RETURN HOME

George Proctor, who has been in the navy for over a year, returned home Saturday, with his honorable discharge papers. In his service recently, he was in transport work and got to make one round trip across the ocean. He was on the U. S. S. General Gorgas on this trip. He was discharged from the ship at Philadelphia last Wednesday.

NO CHANGE IN LOCAL PRICES

Corn Steady at $1.70 With Good Range in Chicago.

Under normal conditions the grain market at this time of year would be strictly a "weather market," the prices being largely governed by crop prospects but this year the overshadowing feature of the market is the European food situation and how the needs there will be met.

Prices for corn remain unchanged up to noon Monday at the $1.70 mark in Decatur with a fairly steady range of prices on the Chicago board.

Other prices also remain unchanged from those of Saturday.

Decatur dealers are offering the following prices for grain:

No. 2 wheat	$2.07@$2....
White corn	1.70@....
Yellow corn	1.70@....
Oats	.65@....
Rye	1.55@....

ELOPES AND WEDS AS FIANCE WAITS

Miss Mercedes Royce Changes Her Mind Few Days Before Wedding.

Rejecting the man to whom she was engaged while preparations were being made for an elaborate wedding, Miss Mercedes Royce, now of Lansing, Mich., and known to many people in Decatur, eloped with some one else. The "other man" was a dashing young lieutenant whom she met just two weeks previous. It appeared to be a case of love at first sight, and the elopment resulted.

Some time ago Miss Royce's engagement to Lieut. John R. Maher was announced to take place in Lansing, Mich., at the home of her parents, Mr. and Mrs. Jule G. Royce, Saturday, June 14. The wedding was to be quite an elaborate affair with all the accessories for which June brides are keen. But at the very climax of the wedding preparations Miss Royce met a dashing young lieutenant, S. A. Warner, from the Great Lakes naval training station. Two weeks proved to Miss Royce that love at first sight was true love and Friday, June 6, the couple eloped to Detroit and were married. Lieut. Warner's home is in Saginaw, Mich., and it is expected that the couple will make their home in that place following Lieut. Warner's release from service.

Mrs. Warner was graduated this June from the Ward-Belmont school at Nashville, Tenn. It is said that Miss Royce doubted the success of the marriage with Lieut. Maher after she learned that he had accepted a position in Buenos Ayres, Argentine Republic, S. A., which demanded that the man who filled the position be married. Marriage with a proposition of that kind proved not enough to hold the young woman and she chose the man at home.

FARM BUREAU TO GIVE DINNER

Men Who Will Bring Cultivators to Demonstration to be Guests.

The men who will bring the different types of motor and horse drawn cultivators to the demonstration of corn cultivation which the Macon County Farm Bureau with the University of Illinois will put on at the Perrine farm a mile and a half east of Blue Mound next Thursday and Friday, will be entertained at dinner at the Orlando hotel Wednesday night.

It is expected that there will be about thirty in the party which will include, in addition to the machine men, the committee having the affair in charge, Prof. J. G. Mosier and Prof. E. A. White of the University of Illinois, and the president and secretary of the bureau.

CENTRAL CHURCH OF CHRIST.

The Young Ladies' Mission Circle of the Central Church of Christ will meet Thursday afternoon with Mrs. Roy Coberly, 1094 North Church street.

The Welfare Bible class will have a party Friday afternoon with Mrs. A. F. Cobb and Mrs. D. E. Brooks as hostesses.

The choir will practice Friday evening.

MANY STRAWBERRIES RECEIVED MONDAY

Retail at $3.50 to $3.75 a Crate at One Store in City.

One dealer in Decatur received 143 cases of home grown strawberries Monday morning. The fruit is of excellent quality and was retailing by the case at $3.50 and $3.75, by the box 15 and 20 cents.

Many cases were being bought for canning. The warm, bright weather will hasten the crop to maturity and the grocers are advising housewives to purchase their canning supplies this week.

CATCHES ANOTHER.

Custodian Maban of the Fishing club caught another big carp in the lake at the club. It weighed fifteen pounds.

OVER BILLION BUSHELS WHEAT

Washington, June 9.—A wheat production of 1,236,000,000 bushels this year combining the winter wheat and spring wheat crops was the forecast today by the department of agriculture from the condition of the crop June 1.

Details of other crops follow:

Oats: Production forecast 1,446,000,000, acreage 42,365,000, condition 93.2.

Rye: Production 107,000,000, condition 93.5.

Hay: Production 116,000 tons; condition 91.1.

Apples: Production 196,000,000 bushels; condition 67.8.

Peaches: Production 50,360,000 bushels; condition 73.1.

Pastures: Condition 97.4.

Winter wheat production is forecast at 893,000,000 bushels, compared with 891,915,000 bushels forecast last month, making it the largest ever grown. Condition of winter wheat was 94.9 per cent of a normal, compared with 100.5 last month and 83.8 last year.

Spring wheat production is forecast at 343,000,000 bushels, compared with last year's production of 339,000,000 bushels. This is also a record crop. Acreage this year is 22,593,000. Condition of the crop June 1 was 91.2 per cent of a normal, compared with 95.2 a year ago.

LATE CORN GAINS FAIL TO HOLD

Chicago June 9.—Owing more or less to absence of any large stocks on hand, the July delivery of corn showed strength today, but later months were bearishly affected by good weather. Changes, however, were within narrow limits. The 200,000 bushel limit on trading tended to prevent fluctuations. Opening prices, which ranged from ½c off to ½c advance, with July $1.68¾@ 1.68¾, and September $1.60¾@1.60¾.

Oats were easier, influenced by lack of demand from the seaboard. After opening unchanged to ¼c down, including July at 67 to 67¼c, the market rallied a little and then sagged again.

Higher quotations on hogs gave firmness to provisions. Business, however, was dull.

Lard advanced to a new high price record, $34.27 delivered.

ALUMNI RECEPTION AT MONTICELLO

Monticello, June 9. — Saturday night wound up commencement week with the annual Alumni reception which was given at the high school assembly room of the Community High. President W. P. Lodge made the address of welcome, which was responded to by Herbert Kaiser for the class. A vocal solo by Miss Ruth Hubbart, a vocal duet by Misses Esther Mayquiss and Lula Patton and short talks on the proposed Community high completed the program. Followed by election of officers taken entirely from the class of 1919 as follows:

President—Harold M. Keel.
Vice President—Miss Fern White.
Secretary—Miss Helen Jones.
Treasurer—Sol. Levin.
Orator—Coleman Lewis.

At the conclusion, fresh strawberry ice cream and nabiscos were served.

Mrs. Robert Sumner of Nancy, Ky., arrived Sunday to visit her daughter, Mrs. Marion Parton and Mrs. Pinky Adams.

Mr. and Mrs. Whit A. Jackson are guests of Mr. and Mrs. W. H. England. Mr. Jackson has just returned from service.

Miss Catherine Doyle, Horatian at the L. of L. spent the week end with Mrs. H. H. Fenton and attended the Alumni reception.

W. D. Smith went to Chicago Sunday enroute to Rockford to attend the Department G. A. R. encampment.

Miss Jean Culef of Pasadena, Calif., arrived last Friday and is visiting her aunt, Mrs. Mary Williams.

S. E. Piatt and Donn Piatt and wife motored to Chicago Sunday to spend a few days.

Mrs. Flo. J. Miller leaves Monday night for Rockford to attend the Department W. R. C. convention.

Fred Lodge of Chicago spent Sunday with his brother, W. P. Lodge and family, returning home Sunday afternoon.

MAY USE WATER POWER FROM DAM

Engineer Greeley Reports 1000 Horse-power, Double to Present Plant Can Be Provided.

Engineer S. A. Greeley of the firm of Pearse & Greeley, Chicago, was before the city council Monday morning to report on the matter of power development from the new water impounding dam. He said that if the water power is to be utilized it would be best to equip the dam with turbines that would furnish at least the equivalent of the power furnished by the present city lighting plant, which is 500 horse power. He said that the flow would be sufficient to furnish 500 horse power for 55 per cent of the time, and that 1,000 horse power could be furnished 42 per cent of the time.

About one-third of the labor at the pumping station is charged to the light fund. It takes $700 worth of coal each month to operate the boilers for the lighting system, and owing to the advancing price of coal the cost will probably be much greater in the future.

FAVORS 500 H. P.

As the need for storing water in the reservoir increases the amount that can be spared for water power will decrease. If the power equipment is to be added he favored two 500 horse power units. A flow of 200,000,000 gallons a day is needed for 500 horse power and double that for 1,000 horse power. The cost of installation would be about $100,000 for 1,000 horse power. He figured that at present the only saving would be about $5,000 a year in coal at the power plant.

MAY USE LATER.

Engineer Greeley did not think it economy to install the equipment at the present time, but he did recommend that two gates, each capable of handling a 500 horse power unit, be placed in the dam. He said that some time, as the city keeps on growing, it will be necessary to increase the capacity of the present lighting plant. Then it may prove economy to install the power equipment on the dam, and it will be easy to do this if the gates are put in when the dam is built. He said that contractors would doubtless make lower bids, too, if the gates are to be installed when the dam is built, as the gates would enable them to control the water while the dam is being completed.

TO PROVIDE GATES.

Commissioner Ruthrauff said that the light plant is now working almost to full capacity and it will not be long till the capacity of the plant must be increased. Finally on his motion the engineers were instructed to provide in the plans for the dam two gates of the character named.

Mr. Greeley said he had had a consultation with members of the rivers and lakes commission and they will send a man to Chicago to go over the details of the plans. The commission wants to see water power developed, but does not want anything to interfere with water power plants already established in Illinois. He said they favored putting in the gates. They will also require a fish way, but that detail is insignificant. They have seen a cross section of the proposed dam for Decatur and approve the plans as far as they have gone. He said that work was going ahead steadily on the plans.

SPEAKS ON CHURCH AND SPIRITUALISM

Rev. Frank Fox Has Large Congregation.

"The Church and Modern Spiritualism" was the subject of Dr. Frank Fox's sermon in the First Congregational church Sunday evening. A large audience heard his sermon.

The text was from Matthew 27:52-53. "They entered into the Holy City and appeared unto many."

"We shall all be better or worse for the hour which we spend here in God's house tonight, therefore I ask you to pray as well as listen," said Rev. Mr. Fox. "There is an age long conflict between the true and the false in the realm of psychic experiences. Joseph and Moses each encountered the magician at the court of Pharoah, and supplanted the false with the true. Daniel did the same at the court of Babylon. Jesus and his apostles set magic everywhere and overcame it by the power of the spirit of God.

SECONDARY PERSONALITIES.

"One of the most perplexing problems presented in the ministry of Jesus is demoniac possession. Modern physchic researches seems to have established beyound dispute secondary personalities. Some years ago William II and the German leaders invoked the spirit of Attila the Hun as the ideal for the German army. The outrages and barbarities of their soldiers in the world war can best be accounted for on the theory of a nation surrendering itself to demoniac possession.

"Divine revelations were made to both Peter and Paul while they were in a trance.

CONVERSE WITH DEAD.

"The New Testament teaches that some souls have crossed the barriers between this and the unseen world and have conversed with friends. On at least three occasions Jesus summoned souls from the spirit world to return to the bodies which they had forsaken. The text of the evening states that those dead and buried returned and appeared unto many. The appearance of Moses, Elijah, Jesus and the saints of the text seem to establish the existence of a spiritual law permitting people to return to earth, at least on special occasion."

"During the past fifty years many of the best trained scientific minds in the world have been studying psychic phenomena, with the hope of establishing scientific evidence of immortality. We have accepted many facts in material science from these men. Today they come trying to furnish a sorrowing world with scientific proof of life beyond the bloody battlefields where loved ones died for humanity. The church should welcome any contribution which science and scholarship can give concerning immortality. There were those who tried to discredit Pentecost by declaring the apostles were drunk. There are those who seem to think they can discredit this modern movement by characterizing an affair of dark rooms and drunkenness.

TELLS OF COMMENT.

"I will conclude with a few sentences from letters and conversations with people who think. An attorney who is neither a Congregationalist nor a Spiritualist writes: "Dear Dr. Fox: I am constrained to say that I admire your courage in saying what you have and your willingness to meet the truth wherever you find it. It seems strange that the average orthodox minister has such a fear of proving the beliefs he constantly preaches."

A university professor, the head of a department: "If all of the churches were giving their people the instruction you are they would not be running off to dark rooms to obtain a knowledge of our relations to the unseen."

"I know that my mother has appeared to me," from two different ministers of orthodox churches in Decatur.

PAVE ASHLAND WITH CONCRETE

Will Be Reinforced and Six Inches Thick.

The board of local improvements met Monday morning to consider the petition to pave Ashland avenue with reinforced concrete. On motion of Commissioner Mattes the board decided to give the people what they asked for. The pavement will be six inches thick.

Engineer Greeley, whose home is in Monetha, said Monday that that town had been well pleased with the reinforced concrete pavement on the Sheridan drive and that it had recently let the contract for $225,000 worth of additional concrete pavement.

TO PAVE CUSHING.

Engineer W. D. Warren said that of the 1600 feet of frontage on Cushing street, which the board recently passed a resolution to pave with brick, only 360 feet was on the petition, and it is understood that some of the property owners were opposed to the paving. Many of those who own property on the street do not live there. It is understood that all who actually live on the street want it paved. Any way, if there is any objection it comes too late as the petition has already been acted on.

MANY HELP ON FUND FOR TICKETS

Total Thus Far Now Totals $33.25 for Children.

TICKET FUND.

Previously reported	$11.50
A Friend	2.00
Millard Marenthal, Jr.	.50
James D. Johnson	5.00
Decatur Railway & Light Co.	10.00
Alex Van Praag	1.00
Mayor Borchers	1.00
I. F. Mattes	1.00
Harry Ruthrauff	1.00
A Friend	.25
Total	$33.25

The fund to buy street car tickets for little children who stay in Fairview park so late that they cannot walk home has grown to $33.25. Supt. Torrence has been footing a great deal of the bill for those children who become so interested and stay late and this fund was started to take some of the burden off of him.

It is estimated that about $50 will cure for the season and little tots who become tired and still have two or three miles to go home, in this way will be helped. Supt. Torrence says the children do not impose on him very often and that usually those who ask assistance live a long way from home.

ASK SPONSORS TO GET TICKETS

"Katcha Koo" Patrons and Patronnesses

All patrons and patronesses for "Katcha-Koo," are asked to call either Monday or Tuesday at the home of Mrs. J. D. Moore, 765 West Prairie avenue, to secure and pay for their tickets to the performance. There will be some one at the house both days to see that the people get their tickets.

So large is the list of patrons and patronesses that it would be impossible for Mrs. Moore, chairman, and the other members of the finance committee to see them all personally. For that reason they are asked to call at her home. There are several hundred people on the list of patrons and patronesses, and it would be an almost impossible task for anyone to see all of them.

INVITE COUNCIL TO GO ON TRIP

A. of C. to Have Auto Run to Springfield.

Secretary Holmes and Will Bachman of the Association of Commerce were before the city council Monday to invite that body to join with the association in the booster trip that will be taken a week from Thursday when with a band the association will go to Springfield and back, stopping fifteen minutes in each town going and at each town on the way back. The return trip will be by a different route, so that a dozen or more towns will be visited that day. The trip will be made in fifty or more automobiles.

The council meets on Thursday, but the meeting may be postponed.

WANTS MORE ROOM.

Engineer W. D. Warren told the council that his office in the Millikin building is too small to accommodate the force of engineers and he asked that the council call on the board of supervisors at the meeting this week and see if arrangements can be made for room in the court house for the engineer's office. The matter was referred to Mayor Borchers and Commissioner Van Praag to investigate and report.

Commissioner Van Praag presented his report for the month of May, the important features of which were printed in The Review a few days ago.

Corporation Counsel Monroe reported that Contractor William Musselman's bond was all right and it was therefore approved.

PROTECTING PASSENGERS.

Chief Allen called attention to the fact that the city ordinances protect street car passengers getting on or off on the right hand side of the car, but he said that some of the street car doors open on the left hand side and they are dangerous.

Commissioner Mattes told him the matter had already been taken up with the street car company and that the left hand cars would be eliminated as soon as the new cars arrive.

W. A. Bowen, late of the fire department, was appointed a member of the police department and his bond was approved.

WANT TRACK REMOVED.

C. F. Bachman and E. F. Stewart called attention to the street car switch on North Main street, between Lincoln square and Prairie avenue and said it blocked traffic when cars were allowed to stand there. They asked that the switch be eliminated and only a single track be allowed there. This matter was referred to Mayor Borchers and Commissioner Van Praag for investigation and report.

The report of the board of trustees of the policemen's pension fund printed in The Review several days ago was presented and placed on file. There is about $9,000 in the fund.

RAYMOND ROBINS HERE WEDNESDAY

Will Speak at City Club Dinner.

Raymond Robins, secured by the City club for an address here, this week will be here Wednesday night instead of Thursday night as first announced. A telegram was received from him Monday morning.

The dinner will be served in the Orlando hotel and will be $1.50 a plate.

Mr. Robins returned recently from Russia where he represented the Red Cross and has a world of information on events in that country.

SHRINERS LEAVE FOR INDIANAPOLIS

Springfield Members Stop and Parade in Decatur.

The Shriner special left Decatur by way of the Wabash for Indianapolis at 8:30 Monday morning. The special started from Springfield to pick up the Springfield delegation. There were about 100 Shriners from Springfield and the same number from here. The band met the Springfield delegation and there was a short parade through the city. The special consisted of four coaches and a combination baggage car. There will be stops at Cerro Gordo, Bement and Sidney.

At Danville the Shriners will leave the train at the Wabash station, parade through the city to the Masonic temple, where luncheon will be served and take the train again at the Big Four station.

G. A. R. AND W. R. C. HAVE SPECIAL CAR

Twenty-Eight Leave For Encampment in Rockford.

Twenty-eight members of the G. A. R. and the W. R. C. left Decatur Monday at noon for Rockford to attend the state encampment. They will pick up the Springfield delegation at Clinton, the Bloomington crowd at Bloomington and the Peoria people probably at El Paso. The Decatur people have a special car all the way through to Rockford.

The Decatur delegation all wore Fulton badges signifying that they are for Henry D. Fulton of Chicago for Commander. He is the man whom Dr. W. F. Calhoun defeated for this office at the last meeting of the state encampment in Decatur.

SERVE 300 MEN SUNDAY MORNING

Soldiers of 88th Division Get Sandwiches and Coffee.

Three hundred returning soldiers of the 88th division, reached Decatur at $:05 Sunday morning. It was expected that this train would reach Decatur about 5 o'clock in the morning and no preparations were made by the Decatur canteen to feed them. At 6 o'clock word was sent out that the soldiers would not be here till 8 and the reputation of the canteen had to be maintained. The supplies had been exhausted by the big job of serving the 1500 soldiers on the day before. But fifteen canteen workers were assembled, supplies were hastily collected and when the soldiers of the 88th arrived they were served sandwiches and coffee.

WATER PROBLEM BOTHERS OTHERS

Eng'r. Greeley Addresses Rotary Club.

TELLS OF BIG DAM

Will Cost City About $25 Per Person.

That other cities all over the country are struggling with and solving the same kind of a water impounding problem which faces Decatur was shown by Engineer S. A. Greeley of the engineering firm of Pearse & Greeley in his talk before the Rotary club at its regular every other Monday luncheon at the Y. M. C. A. Monday noon.

$1,000,000 FOR DECATUR.

Sacramento, Cal., Akron, O., Wheeling, W. Va., Fall River, Mass., Hammond, Ind., and other cities more or less near the size of Decatur are going into this water supply problem at this time and often involving expenditures in excess of the per capita cost of the proposed Decatur dam. This he estimated at about $1,000,000 or approximately $25 each for everybody in Decatur.

THREE FEATURES.

The three great fundamentals underlying the project both as to cost and as to service are the necessary storage supply for the minimum period of water supply, and this involves the amount of land needed; the provision at the dam for the highest flood conditions which calls for the providing of an ample spillway; and third, the study of the foundations upon which the dam must rest.

The borings at Decatur had shown a ten foot layer of muck and soil under which was a combination of gravel and clay pockets. This will likely involve the driving of sheet piling and the widening of the dam base so as to retard the seepage of water and the possibility of its undermining the structure.

WORK UNDER WAY.

In reply to a question as to when "dirt would fly" Willis Warren, the city engineer, told of the work which is now being done in surveying the ground at the levels needed. He did not venture any opinion as to when actual construction would begin. In answer to another question Mr. Warren said the level of the big new lake at 615 level would be about twenty feet higher than the level of water as held by the present dam.

SONG BY SOLDIER.

Isaac Clark, of Kansas, a veteran of the world war who is here visiting his aunt, Mrs. J. C. Fisher, sang a ditty of the army which in many verses told of the troubles and fun of the doughboy in France and kept the Rotary members convulsed as verse after verse rolled along telling of the many sides of the army life each verse ending with the refrain of "Bloody war, bloody war."

GOOD BUSINESS OUTLOOK.

E. S. Payson, of Boston, president of the Emerson Piano Co., spoke briefly telling the men present that the reports which had come to the national convention of music dealers and manufacturers at Chicago last week were very favorable for the future of business.

Mr. Payson, who is a man nearly eighty years of age, and who has been in Decatur at other times, spoke most effectively and in the deep resonant voice which he possesses spoke most feelingly of his friendship for Decatur and Decatur men and also of the high standing which Decatur and Decatur's educational institutions held in the outside world. He bespoke for the Millikin endowment fund a hearty support and then asked Curtis Busher to sing a song which he had written, a beautiful benison of good wishes and good will.

SUPERVISED PLAY.

The boys committee of the Rotary club also reported that the supervised play for Decatur would be established this summer with Coach A. D. Jones of the high school in charge of the work.

The directors of the Rotary club voted $100 for this purpose, the children of the high school have voted $100 out of a fund they had for the same purpose and board of education added $200, making a total of $400 for supervised play in the city this summer.

NEAR HUNDRED GUESTS.

The Rotary club will entertain 80 to 100 of the Clean-up boys at the next dinner which will be a fried chicken affair as promised the boys when the cleanup campaign was started. The spring chickens are already being milk fed and it is expected that with the Rotary members and the boys the occasion will be one of the events of the Rotary year.

OFF TO SALT LAKE CITY.

Owen Scott, the next president of the club, who takes his office in July, will leave Thursday for the national Rotary convention at Salt Lake City. He will visit California before he returns.

Births

To Mr. and Mrs. T. C. Burwell, 1340 North Edward, Sunday, June 8, a son, at the Decatur and Macon County hospital.

MEETINGS.

Ionic lodge, 312 A. F. and A. M. Stated meeting tonight at 7:30.

Myrtle Temple, Pythian Sisters, No. 2. Meeting tonight at 8 o'clock in the K. P. hall, Powers building.

Independent Sewing Circle. Meeting Tuesday afternoon with Mrs. W. F. Jacobs, 1064 West Macon street.

Ladies Auxiliary of I. A. of M. Meeting at 2:30 Tuesday afternoon in the Ryan and Higgins hall.

HAS BUSY TIME WITH PAY CHECKS

Men in Line From 7 to 1 O'clock.

The distribution of a thousand pay checks Sunday at the Wabash ticket office made the life of S. A. Hess, the passeneger and ticket agent, one continuous round of joy for the day. The distribution began at 7o'clock and from that time on till 1 o'clock the line of men waiting extended from the ticket window through the doorway and on the platform. After 1 o'clock the line shortened but the distribution went right on. Mr. Hess took fifteen minutes off for lunch.

Each man had from one to eight checks coming to him and neither he nor the exofficio paymaster knew how many there were. Each months back pay was on a separate check and each check was in a different place. It was impossible for the paymaster to saw when he was through paying John Jones or for John Jones to say when he had enough till the paymaster had been through all the piles of checks.

Engineers to Leave.

The federal valuation engineers who have been working in Decatur for several weeks will finish up their work on the Wabash here and will leave Tuesday. The engineers have been using the billiard room at the Kraft hotel as a work room.

Train Late.

Washash train No. 4 from St Louis was delayed Monday morning by a hot engine pin and was nearly an hour late at Decatur.

Weddings

McDICKER-PIPER.

Everett McDicker of Owaneco and Lucy Mae Piper of Mt. Auburn were married at 12 o'clock Monday noon in the parsonage of the First Methodist church by Rev. Freeman A. Hayghurst. The bridegroom received his discharge from Camp Grant Sunday after a year and a half in the service. The bride graduated from the Taylorville high school a year ago and has been staying at her home two and one half miles southeast of Mt Auburn, since then.

They left at 12:35 for Taylorville and expect to make their home for the summer on the farm of the groom's parents, near Owaneco. They were accompanied by Ivan Piper, Byron Masters, Ruth Ward and Agnes Long of Mt. Auburn.

SUCTION SWEEPER PICKS POTATO BUGS

Motion Picture Made of Machine at Work in Field.

Science has again come to the aid of the oppressed. This time the potato bug is the victim and the potato grower, if he happens to have electric current handy, can pick off the bugs in comfort.

Monday morning H. O. Gill took a suction carpet sweeper and with a Pathe moving picture man to make a film record of the event, started to pick potato bugs in comfort in the potato patch at 981 West Green street.

PICKS THEM OFF.

The sweeper was run by an electric current which was carried to the garden from the house by an extension wire and as the nozzle of the hose was put near the bugs on the vines they disappeared into the usual dust receptacle. The machine would pick the bugs from a big hill in thirty seconds.

Just touch the end of the suction nozzle to the leaf on which Mr. Bug was dining and—zip—he would be snapped off by the artificial gale.

BOY SCOUTS OUT CAMPAIGNING

Election to be Held Tuesday Afternoon 3:30 to 7:30.

Successful nominees in the Boy Scout primaries last Saturday for city officials were busy Monday campaigning. The election takes place Tuesday afternoon from 3:30 till 7:30 in Central Park. Some of the older and larger Scouts are to be named as traffic cops for the one hour next Friday morning and it is planned to take these appointees out for two or three days previous to let them get lined up for the work, by standing at the intersection and watching traffic.

Some good news for the local Scouts is that the city is going to equip the Lincoln Cabin in Fairview park with regular steels cots of double deck style for the boys. Sixteen of these cots are to be put in instead of the wooden bunks the boys were expecting to build.

FIRST PRESBYTERIAN.

Both the pastor, Rev. C. E. Jenney, and Dr. J. C. Hessler spoke at the morning service Sunday at the First Presbyterian church. Their talks were along educational lines, and emphasis was laid on the fact that it was necessary for the community to support the James Millikin university as a community asset.

At night Mr. Jenney gave the first of his series of sermons on "Scales of Justice," dealing with the theme, "Capital and Labor." He spoke of the causes of the strife between capital and labor, and of what the church might do to be of service.

Troop 6, Boy Scouts, will have a supper at the church at 6:30 Friday evening, inviting all the boys of the church and Sunday school of scout age as their guests.

Midweek service will be held at 8 o'clock Wednesday night.

The Sisterhood class will have its regular monthly business and social meeting Friday afternoon at 2:30.

The flowers at the church Sunday were given by Miss Lillie Chadsey in honor of Mrs. W. R. Scruggs, who died ten years ago.

Children's day exercises were held at the Sunday school hour Sunday morning.

FUNERALS.

MRS. AMANDA CALDWELL.

The funeral of Mrs. Amanda Caldwell will be held at 2:30 o'clock Tuesday afternoon at St. Peter's A. M. E. church. The interment will be in Greenwood.

AS SUPPORT OF EDUCATION BILLS

Fear Many Will Be Lost in Closing Session.

A call has been sent out by Secretary Moore of the State Teachers' Federation to members of the legislative committee and others to rally to the support of the educational bills that are still pending. The end of the session is close and in the rush of legislation at the finish a good many bills are going to be lost.

McDavid's bill fixing a minimum salary of $80 a month for teachers has passed the house but has been called back from the second reading in the senate to the committee on education. The bill has powerful but secret opposition according to the report of Secretary Moore.

BILL AMENDED.

The bill increasing the state fund from four millions to eight millions has been reported out favorably by the committee on education, but made to read eight millions instead of ten. It will be still further amended in the house and it is stated that if the bill increases the state appropriation to a larger amount than six million dollars passes both houses it will be vetoed by the governor.

WILL DECIDE ON TEACHERS' BONUS

School Board to Hear Report on Funds.

The regular monthly meeting of the board of education will be held Monday afternoon at 4 o'clock. This is usually the organization meeting but it is understood that Mrs. Inez J. Bender, the newly elected member of the board can not be present and the reorganization of the board probably will be postponed.

There will be a report from the business manager of the board on the bonus for teachers proposed at the last meeting of the board. There will be several thousand dollars left from the educational fund at the end of this year and it is proposed to distribute this among the teachers. The exact amount of money left will be reported to the board and action will be taken upon the matter of distributing it as a bonus. No information has been given out as to the amount of money or the probable action of the board.

Superintendent Engleman will report to the board several candidates for the position of teacher of agriculture in the high school which he interview in Chicago Saturday. Teachers of agriculture are in a class to themselves. They are few and far between and it is difficult to find good men for all the jobs that are offered.

Make Protest.

Miss Margaret Haley and Mrs Fursman representing the Chicago Teachers' Federation were in Decatur Sunday night to meet Superintendent Engleman in protest against the organization of a new Lake Shore division of the Illinois State Teachers' association. There are already ten divisions of the association. The proposed eleventh division to be known as the Lake Shore division will include some of the teritory that is now in the Chicago division.

A tentative organization of the new division was effected two weeks ago. Superintendent Engleman is a member of the board of directors of the state association. Miss Haley and Mrs. Fursman were just from East St Louis, where they had been to see Superintendent Potter another member of the board. A meeting of the board of directors will be held in Springfield on June 24 when the matter will come to an issue.

SPRING OPENING OF BEAUTY SHOP

Linn & Scruggs Department Furnished in White.

The beauty shop of Linn & Scruggs store had its annual spring opening Monday. The new addition to the beauty department is opened up and ready for business making the department have seven booths in all. Mrs. Edith Bryan, who is in charge of the shop, has thirteen girls under her.

The wood work and the fixtures of the department throughout are in white. White roses in white wicker baskets and pedestals tied with moline bows gave the department a really festive appearance for the opening. The girls were all dressed in white and the models were draped in malines and wore bridle costumes and showed appropriate hair dresses for the June Bride.

Life's Lighter Hours

Gives Dinner.

Mr. and Mrs. George Collins gave a dinner at their country home near Emery Sunday in honor of Mrs. Collins' son, Herman Chapman, who has just returned from France with Company A. Guests from Decatur were Mr. and Mrs. Leonard Sturgeon, Erma Walmsley and Herman Chapman. Others present were Mrs. Delphia Redd, Ruth and Franklin Chapman and Mr. and Mrs. Collins.

Entertains Friends.

Little Vivian Ray entertained a number of her playmates Saturday afternoon from 2 until 5 at a party at the home of her parents, 1147 North Union street, in honor of her sixth birthday. Ice cream cake and colored opera sticks were served. The six lighted candles on the birthday cake were blown out by the little hostess. The children all had a good time and went home happy. The following children were present: Billy Ray, Francis Kincade, Margaret and Mary Deverell, Gertrude Lanham from Kansas City, and Robert March and his cousin, Francis Hayes from New York.

Scraps of News

MAKES TWO RUNS.

The fire chief's car took two runs to West Wood street Sunday evening. The first was on a still alarm at 7:50 to 1049 West Wood, where it was discovered that some trash in a coal bucket in the basement had caught fire and was turning out a lot of smoke. At 9:30, the lungmotor was called to the residence of L. Burley, 919 West Wood, for a new born child. The machine was not needed, however, as the child was all right when it arrived.

TO CONVENTION.

Mr. and Mrs. Frank Dudley and J. B. Hinton left Saturday for New Orleans to attend the National T. P. A. convention, being held in that city all of this week. They are among the Illinois delegates.

NOTE BOOK FOUND.

A note book was found in Faries park Sunday by William White, 2400 North Monroe street. The book has considerable data concerning water supply in several cities and probably belongs to some railroad man. The book is at The Review office.

REMOVING BUGS.

That potato bugs may be removed by a vacuum cleaner was demonstrated Monday morning in a potato patch at 981 West Green street. The demonstration followed a picture published in The Review Friday. A motion picture of the demonstration was made.

CLOSE DINING ROOM.

Owing to the death of Mrs. Amanda Caldwell, mother of Miss Gussie Caldwell, manager of the Decatur club dining room, no meals will be served there for several days.

NOW CAPTAIN.

Rev. J. C. Berry, former assistant pastor of the First Methodist church who has been a chaplain in the army for some time past, has been promoted to the rank of captain, according to word received here. Mr. Berry is stationed at Camp Dodge, Ia.

TO INVESTIGATE.

M. L. Harry will go to St. Louis Tuesday to learn why the eight new street cars ordered for Decatur and promised within five weeks have not been delivered. It has been almost ten weeks since those cars were promised.

BOARD TO MEET.

The regular monthly meeting of the Anna B. Millikin home board will be held at the home at 10 o'clock Tuesday morning.

Leo A. Bachman, son of Mr. and Mrs. Alex Bachman of Decatur returned to Decatur Monday morning from Camp Grant where he received his discharge from the service. He has been in France and Luxemburg for seven months. He is a brother of Mrs. C. O. Foster, 1325 West Forrest street.

Clubs

Fern Crochet.

The Fern Crochet club will meet Wednesday afternoon with Mrs. Claud Parrish, 136 South Witt street.

FURNITURE TRUCK STRUCK BY TRAIN

Furniture Complete Loss—Men Unhurt.

A truck belonging to the Stuckey & Wellepp Co., and piled high with furniture going to Mrs. P. C. Wheeler of Oakley, was struck by the Wabash special Shriners train at the Sangamon crossing Monday morning at about 9:30 o'clock and both truck and furniture totally wrecked.

The truck was being driven by Paul Wellepp and Fred Kitch and the men claim that the train gave no warning of its approach. The truck was going slowly as it had just approached the crossing and both men jumped as they saw the train about fifty yards away bearing down upon them.

Neither was hurt but the truck and furniture are a total loss.

Personal

Mrs. Mary McGee has just returned from a visit with James and Thomas McGee of Illiopolis. Mrs. McGee will leave Tuesday for Denver, Colo. where she will spend the summer.

Harry A. Scott, 501 South Crea street, is attending the Imperial Council of Shriners in Indianapolis this week. He will be the guest of Will A. Mackey formerly of Decatur.

Mr. and Mrs. R. Chester Spencer of Ridley Park, Pa., are visiting at the home of Rev. and Mrs. Elisha Safford for a few days. Mrs. Spencer is a sister of Mrs. Safford.

Mrs. H. P. Tead, 140 Summit avenue, and her sister, Mrs. Goldie Meidroth, are leaving this afternoon for Peoria. Mrs. Tead will return some time next month.

Mrs. A. M. Ambrose and son, Warren, arrived from Agricultural College, Miss., Monday and are the guests of her parents, Commissioner and Mrs. Van Praag.

DR. ELSLAGER OUT OF DENTAL CORPS

Was On Tuscania When It Was Sunk In January, 1918.

Dr. Hubert Elslager arrived in Decatur at 11 o'clock Sunday night after sixteen months service in Ireland, England and France. On his trip across in January 1918, Dr. Elslager was on the Tuscania on which 212 men lost their lives when the boat was sunk. His recent return trip was uneventful although the sea was rough. He left Bordeaux, May 27 and landed in Hoboken on June 5.

After a week or ten days at home Dr. Elslager expects to take up his practice with his father, which he left to go into the Dental corps of the hospital service.

MAKE READY FOR BOND ELECTION

Sanitary District Trustees in Session.

AMOUNT NOT FIXED

Permanent Headquarters in Powers Building.

At a meeting of the board of trustees of the Decatur Sanitary district Monday afternoon, the attorney and engineer were instructed to divide the district into four precincts for the purpose of voting on a bond issue to build the proposed sewage disposal plant. The Wabash and the Illinois Central railroads probably will be the dividing lines.

It was not decided when the election will be held or the amount of the bonds to be voted upon, nor the kinds of bonds to be issued. The trustees will decide this after further reports of investigation of the kind of a plant to build and after conference with financial interests.

IN EXECUTIVE SESSION.

The trustees went into executive session over other matters which were not announced Monday afternoon up to 2:30 o'clock.

It was voted to establish permanent headquarters in 328-329 Powers building and the doors of these rooms will be lettered and furniture ordered. All meetings will be held in the rooms.

TEACHERS PLAN FOR VACATION

Several to Leave Decatur for Summer.

The public school teachers are planukaTsoscеedtilem(ur shrduletahrdlning their vacations which will start next week.

Miss Vanita Schleder of Ulrich will be in Pekin. Miss Laura Martin and Miss Eloise Collins, both of Ulrich, will be in Decatur. Miss Helen Durning will be at home and in Chicago and Miss Marie Huent will be at her home in South Bend, Ind.

JASPER TEACHERS.

The plans of the Jasper teachers are as follows:

Miss Mable Hansen will be at her home in Gardener and in school in Normal., Miss Edith Creel will be in Decatur and Centralia. Miss Elsa Schilling will be in Bloomington. Miss Helen Leigh will take a trip in the east. Miss Alice Mead will be in Decatur and will also take a trip, probably in the east.

JACKSON.

The parents of Jackson school will give the play they gave at the high school Firday night in Argenta on Thursday night.

The mothers' club will meet Friday afternoon to elect officers for next year. Mrs. Jessie Cook, the president, has been in the hospital for the past two weeks and it is not expected that she will be able to attend the meetin.

E. A. GASTMAN.

The Mothers' club of the E. A. Gastman school will entertain the teachers Monday night with a dinner in the home of Mrs. R. E. Espey.

OAKLAND.

The mothers' club of Oakland school will elect officers for next year at their meeting Monday afternoon.

ULLRICH.

Miss Bronson of the Public Library was at Ullrich school Monday arranging for a branch library to be established there next year.

LAST AUDITORIUM PERIOD AT D. H. S.

Room Crowded to See Awards Distributed to Students.

The high school auditorium Monday morning was packed with students, it being the last period and this being one occasion when it is deemed permissimle to overtax the capacity of the room. A large number of miscellaneous honors, including letters, numerals, helmets, etc., were distributed and 125 students who were recipients of these honors had seats on the stage. Joseph Shafer and Robert Wait were student speakers and Elwin Georges, accompanied by Miss Frieda Meesner, gave a violin solo. A memorial tree was planted Monday afternoon in the parking fronting the high school building in honor of the seven gold star men of the high school who gave their lives for their country.

Pleads Guilty.

William Emmons, charged with impersonating an officer, pleaded guilty Monday before Justice H. C. Noble and was fined $7.50.
